Key Points
Ideal for security and building perimeter lighting

Offer excellent maintenance savings against traditional discharge floodlights such as SON and Metal Halide fittings

For example a 50W Columbus LED fitting is offers a 30% energy saving against a traditional 70W SON floodlight whilst also providing bright white light

10W and 30W options can have a PIR sensor fitted to them

LED COB light source

CRI >0.7

4000K colour

3 year warranty
