This is the second level Agility Course Test.

This is a beginning level event designed to introduce and welcome beginning dogs and handlers to AKC agility. The ACT 2 is open to all dogs that have not earned a title in any AKC Agility class except an ACT1 title. This event has been created to let these dogs and handlers show their beginning agility sequencing and performance skills. In addition to running the courses, exhibitors will learn how to fill out an AKC entry form, what to do at an agility trial and other information they would need when they are ready for a regular trial. There are 2 runs, or rounds. Any dog that passes both rounds earns an ACT2 title from AKC. Dogs must be 15 months or older to be able to enter. Mixed breeds are welcome to enter.

Course consists of 11 to 13 obstacles. These include an A-Frame, teeter, tire jump, bar jumps, table, weave poles, spread jumps and tunnels. The dog walk is allowed but not mandatory. Jump height divisions are 4, 8, 12, 16, 20, or 24 inches. Dogs may be entered in any one of the heights. A height card is not required. There are no preferred or regular heights. To qualify, entire course must be completed within 70 seconds. There can be no dropped bars or missed contacts. Each obstacle must be completed. No more than 3 wrong courses are allowed.

ACT2 test will be run after our trial has finished on Saturday. Approximate time would be 4pm. Pre-entry is preferred, but some day of test entries will be accepted until 2pm. Day of test entries cost \$5 more than pre-entry. There will be 2 runs. If both are passed, dog will earn the ACT2 title.
