

# 2016 Ruby Collins Memorial Redbud Treasure Hunt Clues sponsored by North Caddo Medical Center

## Clue #1

The Ruby Collins Memorial treasure hunt is here, so let's get started by making the rules clear. On public property is where it's found, No need to climb or dig the ground.

## Clue #2

Hunting the treasure is a family affair, everyone from little kids all the way to silver hair. So kick your brain in gear, to find the prize this year.

## Clue #3

You can go round and round, you can go up and down. You can go left or right, seeking something that's out of sight.

## Clue #4

We ask for directions time and again, but our own instincts we still depend. Listen well to what you're told and the way to what you want will not grow cold.

## Clue #5

It's March and there's Redbud treasure hunt excitement in the air. Birds are singing, flowers are blooming. Signs of spring are everywhere.
