Cost Share Opportunity for Irrigation Ditch Weed Management

- Anyone owning, controlling or operating land in Montezuma County with an irrigation ditch / canal.
- Cost share will cover 75% of labor and herbicide up to \$500.00 per landowner.
- Irrigation Ditch Cost-Share will only cover treatments within 50' off each side of the ditch.

This is a one-time opportunity for 2017; it is unlikely this specific cost share will be available in 2018. There is a limited amount of money allocated to this cost share therefore fund disbursements is on a first come, first served basis. If it is late in the year call our office to see if there are still funds available before scheduling an application with an applicator.

Applications can be found online at <http://montezumacounty.org/web/departments/weeds/> or at the Montezuma County Noxious Weed Department office at 109 West Main, Room 101, Cortez CO.
