

THE ASTRONOMICAL JUBILEE

PROPHETIC COUNTDOWN TO THE YEAR OF RELEASE

The purpose of this chart is to illustrate an astronomical and planetary overlay of the time period counting down from the liberation of Jerusalem in 1967. This study highly suggests it will be the last prophetic Jubilee before Jesus' 2nd Advent. The emphasis will be based on parallel Biblical patterns of the Plagues of Egypt and the subsequent liberation of YHWH's People out from the Nation. The timeline suggests that the Year of Release or Jubilee will coincide prophetically 2 fold; for Israel nationally and for the Church, spiritually just as in Egypt with a release of the Captives and the Judgment of the Nation and its Pharaoh. The Jubilee timeline has an 'echo' of Calvary also in a 2 fold manner. One, the planet Jupiter corresponds to the Messiah with the comet collision that occurred in 1994, the middle year based on a Menorah pattern of years spanning the Jubilee cycle. Two, in as Messiah was crucified on Passover, 49 days after His resurrection, the Holy Spirit was 'released' to the Church on Pentecost. This 50th day span parallels the 50th year time-span of the Jubilee. This study suggests that as the liberation or 'release' of the Temple Mount that was secured during the 6-Day War on Pentecost, perhaps the Jubilee will ensue a prophetic 'release' of YHWH's Spiritual Temple, i.e., His Bride in similar way. This could allude to the Rapture of the Bride as was Israel released from the bondage of Pharaoh in Egypt. As far as the Church Age is concerned it will be released. For Israel, the 3rd Temple will be initiated but will be judged.

The entire Jubilee cycle is comprised of 7 segments of 7 years to equal 49 total years. The Jubilee Year is proclaimed on Yom Kippur at the end of the 49th year. Due to the discrepancy of the Gregorian calendar, the Jewish year encompasses a span between 2 calendar years, i.e., the 50th year 5776 = 2015 Yom Kippur to 2016 Yom Kippur. These 7 segments of time are 'prophetic' and are seen as 'Weeks of Years'. They follow the pattern given to Moses for Israel to observe by YHWH. Such segments of time are also considered Shmitahs with the 7th culminating in the Year of Release where specifically, all the Land was returned to its original owner, besides having debts cancelled and slaves as in 'bond-servants' freed. This economy would ensure that there would be no perpetual abuse of slave or forced labor, usury and thievery in the Nation of YHWH's People. This condition for 'Freedom and Liberty' did not occur for Israel nor has. Astronomically, the entire 49 year period is pegged to eclipse patterns that are amazingly symmetrical and correlate to the Menorah pattern of 6 arms and 1 stem. The center stem corresponds to the Milky Way, vertically with Jupiter as the center stem.

49 years x 120 Jubilees = 5880 years
5880 years - 6000 year dispensation = 120 years
120 year limit x 50 year cycles = 6000 years

The center stem year of 1991 that astronomically correlates to 3 years after in 1994 when the planet Jupiter was pummeled with comet Shoemaker-Levy. This to many was a prophetic sign to Israel and the world of pending judgment as the event that is associated with the planet of Messiah had echoes of Calvary where Jesus on the Cross, as a 'Jupiter' was pierced by YHWH's judgment.

JUBILEE OMENS

The timing of the Year of Release was to be a blessing for YHWH's People. It was an anticipation of hope, of 'Freedom and Liberty'. Such was the prescription of Exodus with Moses and the Kings of Israel within the Promised Land. Ultimately, the greatest Jubilee came when the prophetic time coincided with the birth of Messiah. Starting with His public ministry, He proclaimed the Year of Jubilee to be fulfilled in the hearing of the Elders of Zion as Jesus read the Tanakh in the Synagogue of Nazareth. Sadly for YHWH's People, they rejected Jesus and thus their opportunity for their Jubilee, that is spiritually foremost from sin, death and the type of Pharaoh that Lucifer is. Israel as before stubbornly refused the LORD's precepts and rather chose to go into captivity and in bondage as with the Diasporas. Thus Israel was judged instead at the hands of the Romans and exiled to the Nations. Based on some interpretation of End Times, Jesus alluded to there still being a future time to finish Israel's punishment. Many believe this will correlate with the unfinished prophetic Shmitah or Daniel's 70th Week that will constitute the 7 year Tribulation period with the last 3.5 year or 1260 days of the Time of Jacob's Trouble. In prophetic 'time', what pegs this possible year of 5776 to the Jubilee Year is the benchmark year of Jerusalem being politically liberated from the Muslims in 1967 and the astronomical sign of Jupiter's collision with the 21 piece broken up comet. Many are attributing this 21 piece or a 7-7-7 code to signal that the last 3 prophetic weeks or Shmitahs will commence the last Shmitah or Daniel's last prophetic 70th Week to finish the punishment of Israel for rejecting YHWH's Jubilee, the Messiah, Jesus Christ.

THE ENTHRONED WOMAN

Astronomically, Cassiopeia typifies the future state of the Bride of Christ Jesus, released from bondage. She takes her seat in the Court of Heaven. This scene is shown to Daniel in chapter 7 and John in the Book of Revelation. She will be next to the King of the Universe that will be in session to adjudicate the Bride and sentence the Dragon, Lucifer legally out of Heaven, that will be cleansed as a type of Leaven from the House and expelled to his eventually destiny of the Lake of Fire.

DELIVERANCE COMES SWIFTLY

The timing of the Rapture of the Bride of Christ could be tied to the Jubilee Year of Release. It was a release from Pharaoh, from the Land, the Plagues as the People were bestowed with the plunder.

RAPTURE TIMING

This esoteric painting depicts a woman in a portal or 'gate' being 'raptured' up. The event coincides with a total solar eclipse and a comet intersecting the same time period. The context is Egypt as in the possible Year of Release from Bondage and Pharaoh. As the 'Bride' is at the background, the child is being introduced to the forefront to prominent world leaders, much like an Obama personage. Some attribute this depiction of the coming and the unveiling of Prince AntiChrist that is to rule the New World Order or Daniel's last rendition of the 4th Beast made up of 10 Horns from which this 'Little Horn' arises from.

ANDROMEDA

THE CHAINED WOMAN

Astronomically Andromeda typifies the current Church Age of the Bride of Christ, although in Christ Jesus, she still is in bondage in the sense that she is behind Enemy Lines, in the Land of Spiritual Egypt with Pharaoh or Lucifer as the evil task Master that is allowed to persecute the Church. Like the Hebrews of Egypt, one day she will be released perhaps to coincide with a Jubilee.
