Joe Thomas  
ODOT  
Rogue Valley Office  
100 Antelope Road  
White City, OR 97503

Mr. Thomas, I am writing you a letter concerning the work of Conway Construction on the 313 Bridge Bundle project, Twin Bridges Road and Interstate-5, Exit 45B.

The project appeared to incorporate good safety procedures and public courtesy during the construction phase. The crew and flaggers were courteous and considerate of our traveling public when entering or leaving the Valley of the Rogue Rest Area, or State Park.

The work on the short section of Rogue River Greenway Trail, and safety crossings appear to be well marked and will be much used in the future. These also serve as important safety features for the bike and pedestrian trail in a very congested area.

The ability of the crew at Conway to substantially complete this job in advance of the upcoming busy camper season is also much appreciated, as heavy traffic flows would create delays and increased frustrations among the many motorists visiting the Rest Area and State Park this Summer.

Conway employees were polite and courteous to our park staff, and tried to assist us with our concerns when they came up.  
Sincerely,

Andre' Briggs  
Rogue District Manager
