In regards to: *Sanitary sewer connection*

Dear New Sewage Customer:

The sanitary sewer project that was built to serve your property is now substantially complete.

It is very important you contact this office @ 304-422-6042, within the next 30 days, to schedule a meeting at your property to discuss what you need to do in order to connect to the provided sewer system.

At the time of our onsite meeting, a copy of detailed sewer specifications and installation methods will be provided to you.

Time is slipping by very quickly and the weather will soon be an issue.

After the onsite meeting, final connection to the provided sewer will need to be completed by January 1, 2019.
