

Complex Limit Controls

NORA Certified for
8 CEUs

October 26, 2018
Beckett Training Center
660 Main St., Fiskdale, MA
\$325.00 per student - 8:00am - 4:30pm

Instructor:
George Lanthier

A seminar that focuses on the more complex of limit controls for air, steam and hot water systems. Covers both in-the-field and new controls entering the market. Features detailed information on troubleshooting limits after a brief review of the fundamentals of control theory. The program is not fuel specific and is ideal for anyone involved in residential heating system service and installation.
