

Drafting Architect:

INSIGHTarchitects is based in the rapidly growing city of Boise, Idaho, and seeks a licensed architect with a minimum of 5 years of experience, though recent graduates and intern architects will also be considered. We provide the spectrum in architectural design, however, projects are primarily commercial, municipal, medical and spiritual in nature. While applicant must be extremely self-motivated, we are a small firm with an open office model that believes in collaboration. Sustainable design is at the forefront, so those with LEED experience will be preferred. Applicant must be proficient in AutoCAD, REVIT, and preferably Photoshop, InDesign and/or other computer design skills. Candidates must have a strong proficiency in design and drawing skills.
