**CRCA TRADE SHOW & SEMINARS!
JANUARY 16-18, 2019**

Roofing Week in Chicago: Connect The Dots!

**Roofing technical issues –
Codes, standards, common problems & solutions**

Friday, January 19, 2019 – 11:15 a.m. to 12: 15 p.m.

2021 I-code development

- Group A:
 - IBC-E, -FS and -G; IFC and IPC
 - Columbus, OH – April 15-23, 2018
 - Richmond, VA – October 24-31, 2018

- Group B:
 - IBC-S, IEBC and IECC
 - Albuquerque, NM – April 28-May 8, 2019
 - Clark County, NV – October 23-30, 2019

Developments in ASTM standards

- ASTM D6083 (acrylic roof coatings) updated and re-issued
- Synthetic underlayment standard “still” in development
- ASTM E907 (field uplift test) withdrawn and a new version in development

Problems & solutions...

- Moisture in concrete roof decks (Dupuis, Phillips)
 - MVRA additives
- ASCE 7-16 implementation
- Roof drains and overflows
- Polyisocyanurate insulation issues
