LIFE SIMPLIFIED TUTORING

“ Life Simplified tutoring has been an amazing resource to my 10 year old daughter. They are supportive, encouraging and can break complicated concepts down in an understandable way. Our tutor is very friendly, and has obviously done a great job since my daughter’s grades have improved! I would definitely recommend Life Simplified to any parent looking for a tutor for their child. ”

Life Simplified believes that every student has the ability to learn and feel successful! Working with a tutor allows your child to receive a level of individual attention that's difficult to receive in today's large classrooms. We believe in working as a team with the parents, teacher and student to meet the academic needs of the child. Often, a child's low academic performance can be attributed to a lack of confidence and fear of failure. Tutoring can help raise your child's self-esteem as the student begins to experience success.

In-Home Tutoring, one-on-one:

- Tutoring available in all subjects for grades K-6, by a certified teacher
- Will work with teacher, parents and student to create and implement the most effective tutoring program tailored to your child
- 60 minute sessions
- A parent or guardian must be present in the home
