'Slavery is a legal or economic system under which people are treated as property. While laws and systems vary, as property, slaves may be bought and sold. Slaves can be held from the time of their capture, purchase or birth, and deprived of the right to leave, to refuse to work or to demand compensation.' –Wikipedia.com

The Biblical Tribulation period to come will be all about absolute slavery primarily through the Mark of the Beast system for example. Slavery of the worst barbaric kind still occurs in the Muslim world today even in the 21st century. Other forms are sex trafficking, kidnapping and outright forced labor. The argument presented in this paper stipulates that America and the world for that matter is about to enter an all-out manifestation of overt slavery of the Orwellian kind. The building blocks have been worked out for America in particular thanks to the covert 'Great Work' of the Luciferian protocols of the Learned Elders of Zion, both Jewish and Gentiles. As in all other nations, such have hijacked the American freedom and liberty protocols of the U.S. Constitution. This particular and unique document protected the citizens like no other nation up to that point against governments that enslave its citizens through tyranny.

This very well means that any person not going along with the New Order plan of the 'Pharaoh' will be deemed Enemies of the State. This study will present a theological synopsis of the connotation of what slavery is and is not according the precepts of the Old and New Testament and their comparisons and contrasts. A study on the various types of slavery will be presented and how Biblical Christianity should have dealt with it then and now as the same threat has surfaced once again in this last generation for America and the world. Sadly as America began with slavery, it will end with slavery. In America, institutional slavery had not stopped with the Civil War but continued in subtle ways, continues and will continue in the coming New World Order America and world.

For America, human slavery was institutionalized primarily in the South since colonial times and has only morphed from the Civil War times into a more sophisticated form of enslavement. It has been primarily been accomplished through economic and political means and has reached beyond race. What this study suggests is that it is ironic that Obama, an African American will be the one that will perhaps enslave White America as an apparent poetic revenge for the enslavement of Blacks in America. It was Lincoln as a type of Moses that freed nearly 3 million African slaves in the South. Obama swore his presidential oath on the Bible that allegedly belonged to Abraham Lincoln. In this last generation, perhaps through Obama is how he will be that vengeful American Pharaoh that will reverse the 'Emancipation Proclamation' and proclaim a curse upon the land. He will be as the Pharaoh of the Exodus that also saw the liberation of YHVH's people.

Slavery American Style

The enslavement of Black Africans was introduced into the New World as it was in the Old World through European power-brokers in the major capitals at the time as it is even now: New York, Lisbon, Seville, Paris, Amsterdam, and London. According to research, the financing for the human slave trade was provided the Money Changer lending houses that lent money to the various Crowns and trading companies that incorporated human slavery as such were deemed 'property' as it is today. Such were the middlemen that obtained the African slaves from Muslim slave traders, much like today in the Middle East and Africa still. This industry is a billion dollar enterprise that involves the top leadership of world governments and militaries. They established in the Americas the colonial Triangle Trade between the various European colonies, Europe and Africa for profit. Many Biblically justified the enslavement of Blacks for having the curse of Cain that condemned him to a life of servitude based on one interpretation of Scripture.

Human slavery was not just confined to a race exclusively as the Jews were enslaved in Egypt. Or for example, the Aztecs as others in the Americas as were another races forced to be slaves by the Spanish in the cruelest forms of subjugation known, far worse than how African Slaves were even treated in the South in some instances. For the new Republic, America even for all the effects and benefits of the Enlightenment period, the context of the writing of the US Constitution was such that it stipulated that 'all men' being equal. Although revolutionary in comparison to the Old World rule of Divine Right of Despots, this was not the case entirely. At the time of the US Constitution write-up, only the White, land-owning gentry class were consider 'men' and could vote.

For the calculation of the census of the state delegations to the Constitutional Convention, the states counted African slaves as $\frac{1}{4}$ of a human. Most historians also overlook that a large portion of the European trans-Atlantic immigration numbers consisted of White bondservants. These were men and women who had no land, no positions but their service that was liened for passage to the New World. Such were released at the end of a 3 to 7 years pledge of service on average. To many, this amounted to White slavery. Contrary to popular belief the American Civil War was not fought over the issue of slavery. Eliminating human forced slavery was not even an issue of contention as historical records shows that Lincoln initially had no political intention of freeing the African slaves.

Lincoln did so to help exacerbate the collapse of the South by emancipating the labor backbone to ensure a Union victory, for which it cost him his life. One outcome of the Emancipation Proclamation was a further step in realizing the promise of the US Constitution that supposed to have guaranteed that 'all men are created equal', regardless of race, etc. Ironically the provisions of the U.S. Constitution were suspended and Martial Law was imposed as perhaps it will be again. Then it was like the Exodus from Egypt as many former African slaves did even physically move to the textile factory towns of the North. Nonetheless, America did have a prophetic Pharaoh, a Moses and Exodus event at that time. This event was as if a Biblical Jubilee, the Year of Release of the setting of all slaves free, of property returned and debts cancelled. Perhaps a similar 2nd Civil War and enslavement and emancipation is to occur still.

The Origins of Human Slavery

According to the Biblical narrative, since the Garden of Eden the creation of the human race was for service in one aspect but for dominion on the other that stipulated responsibility and obligations. It was a special relationship no other creature had, not even the Angels. The original layout for Humanity was not based on forced labor or a relationship against one's own conscience that would constitute slavery. On the contrary, YHVH provided a choice but with an advertisement of the consequences that a mishandling and/or neglect of this special relationship would lead to enslavement and eternal death. The servitude was based on this special relationship and direct access to the Creator that other elements of the entire Creation did not have. This freedom that Humanity originally had was subverted by lies and deception of a Fallen and jealous Angel Lucifer that promised a counterfeit 'liberation' and freedom instead.

The human revolt against this special relationship between the Creator and Humanity resulted in true slavery. This bondage resulted in true enslavement to sin and Satan. On the contrary the lie of Lucifer did not deliver nor can because he himself is in a fallen state of rebellion and judgment due to his enslavement to his own blinding pride. Lucifer's counterfeit 'Gospel' plummeted Humanity into his servitude and enslavement based on fear, terror and coercion. This fallen condition paved the way for a degenerate framework of all human institutions from there on out. This sin condition left Humanity to its own devices and law of conscience as they 'invited' YHVH the Creator out of their lives, much like America has done today. As to the USA, it had a special relationship with YHVH as it was a Covenant nation pledged to the GOD of the Bible and its laws.

Despite a person or nation's rejection of YHVH's Laws, there is still YHVH's moral Law that every human will be judged against according to the Book of Revelation. Those either refusing Jesus' atonement of covering in HIS blood to enter the right relationship with the GOD-Head will stand to be judged against the open Books of Works at the White Throne Judgment. Such will be evaluated based on the deeds or merits of their own 'righteousness' and works done in the body in time. Righteousness basically means doing what one thinks is 'right' or is right. What makes this enslavement unique is that the rejection of YHVH is ingrained in the very DNA of every human and is at the core of the Luciferian way. This is what is called Original Sin or one 'being born in sin' because of this sin contamination.

Jesus came to teach that no one will come out eternally saved based on this precept of self-righteousness. Jesus completed on Humanity's behalf the work required by the Law. The standard to reestablish the special relationship lost in the Garden was to have a perfect righteous human, physically and be put to death to atone for the life taken in the Garden of Eden for the special relationship to be revived once again between. This provision was attained by Jesus through His holy righteousness, meaning He never broke the Laws of the LORD in His humanity. Jesus said of Himself that He came as a 'servant' to serve the Lost and to give His life as a payment in exchange. It is argued that as it pertains to some aspects of the Mosaic Law, one can be found 'righteous' by one's own effort. This was argued by Paul and by many Orthodox Jews of today.

It is possible as the Apostle Paul made the claim that before the Law, he was 'righteous' but realized that accomplishing that feat, as hard as it is since youth required incredible zeal, focus and determination was not enough to secure Eternal Life. He realized that to enter Heaven, a new birth had to occur, as Jesus taught this truth to another Orthodox Rabbi, Nicodemus a ruler within the Sanhedrin of Israel. This new birth requires a regeneration of the spirit, soul and body to be able to inherit Eternal Life. It is required to make it for humans to exist where GOD is at as Jesus said that flesh and blood could not enter the Kingdom of Heaven. Thus what Paul realized as a zealous Orthodox Jew was what Jesus came to teach and offer that there is a righteousness apart from the Law. This is why most if not all Orthodox Jews reject Jesus' sacrifice on the Cross.

YHVH's Prescripts

Biblically the human race was created for service. The domain was Paradise with full ease and provision without sweat, toil or pain. But the Fall produced a curse on this special relationship, service and Earth. The pronouncement was that the domain of service would now be harsh, painful, full of sorrow and toil. Later on, the Laws of YHVH were specifically prescribed to Israel and only for Israel. Israel was accountable and judged according to them as now. Even Israel did not adhere to even the letter of the law, much less the spirit of the Law the Jesus confronted Israel about it in Matthew 23:22-24. *"And whoever swears by heaven, swears both by the throne of God and by Him who sits upon it." Woe to you, scribes and Pharisees, hypocrites! For you tithe mint and dill and cummin, and have neglected the weightier provisions of the law: justice and mercy and faithfulness; but these are the things you should have done without neglecting the others. "You blind guides, who strain out a gnat and swallow a camel!"*

In the New Testament human slavery is not condoned. The spirit of the New Testament is to not be yoked again as a slave to sin foremost; the New Testament is anti-slavery. Any form of institutional slavery should be abolished especially in Israel but it too reflected the enslavement humanity wrestles with since the Fall. Human slavery should not exist but it does and to varying degrees. It did and will continue until Jesus returns. Jesus mentioned that 'no one can serve 2 masters'. Jesus came to abolish slavery but of a different kind and that cured the core issue from where slavery comes from. The context is the sick human heart. Its devotion and loyalty is reflected to what one subjugates oneself to. Case in point, many Christians don't love Jesus because they don't spend time with Him or know His Word.

As a result, many Christians support immoral political and social stances that are contrary to the teachings of Jesus like same sex marriage, abortion, immoral wars but it is because such do not know the Word or if so do they not adhere to it for various objections, misunderstand or misinterpretation. The freedom Jesus offers is really a restored relationship. He warns that since humans are prone to wonder, the heart, mind and soul can drift toward the empty love and the false freedom the world offers only. Many Christians exchange their freedom and liberty already obtained by Christ for a counterfeit Lucifer offers. It is through lust of power, position or money which he used like with Eve that many prefer to keep serving Satan. It is so easy to do because humans spend most of the time in Lucifer's domain of the self-first.

It takes an effort and discipline to 'get to know the LORD" and walk' with Him, in euphemistic terms. Human slavery is a symptom of this failure of mankind and YHVHs People. For example, the deviancy of the institution of marriage that devolved into polygamy and concubines was also practiced. Because of this depravity of Humanity that has turned slavery to what it is and many are blaming GOD for it. Again, if one follows the teachings of Jesus, both the spirit and the letter of the New Law of Christ, there is total freedom, and there is no slavery. The Truth shall set one free and that is tangible in real life. What one has to contend with is that in this fallen world, Lucifer still seeks to subjugate, enslave Humanity like the Pharaoh of Egypt that seeks to conform YHVH's People into his image. Lucifer is the epitome of the cruel taskmaster, the vengeful Pharaoh that beat to death the slaves of GOD's people. Realize that the Jews knew what it is to be a slave of the worst kind in Egypt and therefore, in comparison to other neighboring Semitic pagan societies, YHVH warned them to not mistreat slaves.

The Conditional Covenant

The Creator, YHVH wanted to still provide and make available His special relationship between Himself and Humanity despite the Fall and rejection of Adam and Eve. He found such a human in Abraham in Ur of the Chaldeans, now Iraq. His physical descendants through Isaac and Jacob would later enter the national Covenant exclusive to them at Mt. Sinai. This Covenant or special relationship was exclusively between a whole nation that was known as Israel and YHVH. They were a former slave nation, 'Enemies of the State' taken out from under the enslavement of a cruel Pharaoh. The rest of the nations were not obligated to live under such legal and judicial laws unless they involved themselves to a degree with the company of the Israelites. The Law had various parts to it, Levitical, ceremonial, judicial, prescriptive, dietary, and civil, etc. YHVH took into consideration the times and context of various laws at the time.

For example dietary laws averted plagues and contamination and diseases. Presently, the Seventh Day Adventists still adhere to the Mosaic dietary laws and are one of the healthiest concentrations of peoples in the world. The Covenant was unilateral and unconditional for Israel and was not forced. The whole nation agreed and 'married' herself to YHVH at that time, on Pentecost at the foot of Mt. Sinai. As it pertains to marriage, that was and is a 'carbon copy' of the special relationship between the Creator and Humanity and how it should and could have been in the Garden. It was reflected between the relationship of the 1st man and woman. According to the Bible, marriage between a man and a woman was to be for life as designed by the Creator.

As part of the enslavement of Humanity, marriage for example decayed into polygamy and sex become perverted to varying degrees in some instances as it to this day. This was not the original plan of the Creator and neither was divorce. Jesus stated that it was the case with the practice of divorce that the Jews insisted. Divorce was introduced by Moses within the holy Covenant or contract of marriage that was between 1 man and 1 woman until death did part them. During Jesus' ministry His detractors asked of Him, *"Why then did Moses command to give her a certificate of divorce and send her away?"* Jesus emphatically stated, He said to them, *"because of your hardness of heart Moses permitted you to divorce your wives; but from the beginning it has not been this way."*

Many then as now become convinced that 'marriage' is a form of bondage or becomes such; many euphemistically describe it as a 'ball and chain' even. Even so, this sheds some amazing insight in that Jesus, who invented marriage, joined Adam and Eve in marriage in the Garden before the Fall of Humanity. YHVH did not decree divorce as part of the design but allowed Moses to do so as His administer and mediator as a type of Christ for the purposes of the Covenant between YHVH and Israel. Understand that this provision was only legally binding between Israel and YHVH. GOD did not hold the world at large to this standard of the Law given to Israel. One exception is marriage as it was established before the Fall. It is universal and intact despite various attempts of legislation of nations to redefine it. Nonetheless, Israel among the nations of the world was chosen to have that special relationship that was lost in the Garden of Eden.

Again, this special position was based on conditions and responsibilities. The Law was given through Moses at Mt. Sinai in Arabia after the Exodus and liberation of the physical enslavement due to the Egyptian Pharaoh at the time. What the Jews have misunderstood and convinced themselves of is that by keeping the 'Law', they are 'saved' or can be. If this was the case, then no animal sacrifices would have still needed to be performed under this Covenant. This contention between 'good works' and grace is alive and well today as it was in the Garden because the sin nature is still engrained in Humanity. This is one of the major points Jesus taught that salvation is apart from the Law and subject to another Covenant. It is stipulated on another sacrifice called the New Covenant and based on 1 final and lasting, eternal physical sacrifice. The human bondage to sin and Satan has been reversed by this sacrificial work of Jesus Christ.

There is one aspect that on one level of illumination, Humanity realizes it falls short of perfect standard and attempts to religiously compensate for it, irreverent of any other possible venue. On the other hand, others refuse to acknowledge such a need and are comfortable being enslaved to sin and Satan much like the Stockholm Syndrome whereby kidnapped victims forced into slavery of a certain nature become enamored with their assailants. As it is, slavery is alive and well and will be to the end of time. There are current pedophile rings run by the CIA in collaboration with the FBI and the military for example as disclosed by former FBI Agent, Ted L Gunderson. There is sex slavery, white slavery and the book of Revelation 18:13 states that even in the last generation what is sold in the global auction blocks, '*...and oil, and fine flour, and wheat, and beasts, and sheep, and horses, and chariots, and slaves, and souls of men*'.

As it pertained to the rest of Humanity, such have been living under various codes of laws suited or unsuited for such civilizations and societies that all have a common end when such turn their back on the Creator. It results in enslavement as seen in the eventual moral degeneration and collapse as is being witnessed in America. Laws have to be based on morality and absolutes, once a nation or society deviates from these; nations implodes as world empires, civilizations and societies rise and fall because of it. In essence the sin nature, having humans enslaved to its passions will devolve to the least common denominator or morality which is slavery, in all forms. One has to take into account that the money as a means of exchange of value was not as it is now. Only the very wealthy dealt in minted coinage or precious metals for barter.

Most of the common men and women than as millions still do now in the developing world had and have no choice but to leverage their physical body as collateral for credit or service. Thus it was acceptable to offer one's body as 'legal tender' to settle a credit or debt. The issue comes when man and women, due to his or her sinful nature abuse the system out of greed and need to dominate others in spite of the fragility of such an economic system. To this day, scores of young women sell themselves around the world for years of service as maids for to pay for a place to stay. They leave the rural countryside of their villages they can no longer sustain and are forced to migrate to the cities and leverage their bodies for food, shelter and are often the victims of sex trade syndicates preying on the defenseless and vulnerable ones. The issue could be resolved if men, for the most part would never engage in pedophilia or underage sex right? There would be no demand, thus no supply.

Religious Enslavement

Many would argue that all religions are a form of enslavement. Throughout history, most have used their positions of power and influence to keep the masses dumbed-down, ignorant, illiterate and subjugated. Such religions allowed what is inhumane and abuse of humans demanding the death of those that questioned or challenged its precepts. Many religions are still operating today like this. You have today the other Semites, the descendants of Mohammed and the cruel Assyrians. Such are now called ISIS that do exactly as they did in the prior Old Testament times. Such peoples sold captured young women for sex in the public markets. They are enslaving the Christian men into forced labor or beheaded them indiscriminately. All these religious prescriptions are happening even now in the 21st century. Their so called holy Qur'an still has these edicts that they are carrying out. The answer to such atrocities is Jesus and the New Testament.

These religious forces are full on evil from the pit of hell and are massacring the witness of the New Liberty and Freedom found and granted by Christ in the New Testament. True Christianity is not a religion. Such Muslims want to eradicate such a witness from the Middle East and the world for that matter as they seek to enslave the masses to the bondage of Pharaoh again with Sharia law for example. The very definition of Islam means 'to submit to Allah'. Their conversion is by force, fear and not love and freedom and their conversion to another religion is only by death. The People of YHVH were taken as slaves by these same peoples; by Assyria, then Babylon and then lastly Rome in ancient times as they are today. As it pertained to Israel, enslavement happened 3 times called the Diaspora. It was enslavement due to unfaithfulness and neglect to the special relationship they had with the Creator, YHVH.

Jesus stated in the Olivet Discourse that Israel will go through the Tribulation because that is what it will take for them to realize they had been stubbornly putting their efforts to be made 'righteousness' by following the letter of the law and rejected the New Law that Jesus brought on the Year of Jubilee to set His captives free. The New Testament teaching sheds some light into the dispensation of Law that in effect to a degree became a form of burden for GOD's People. To many this special relationship amounted to a bondage that the Jews cannot get rid of its obligation aside from outright departure and abandonment of their special relationship to YHVH.

This is what has happened to America as a society, a nation and the Christian nation within the nation. This is despite the fact that in Jesus, there is no burden, people might and multiply burden on people as the religious people do but not Jesus and true Christianity. Jesus stated in Matthew 11:28. *'Come to Me, all who are weary and heavy-laden, and I will give you rest. Take my yoke upon you and learn from Me, for I am gentle and humble in heart, and you will find rest for your souls.'*

To reiterate, the Covenant between Israel and YHVH was conditional...meaning, if the Jews did all from their part, the LORD would bless them, but if they didn't they would end up just like the nations and worse. Another end result when a nation or people depart from the relationship with YHVH is that it leads to an enslavement to lust. This example is seen in the judgment and burning of Sodom and Gomorrah and many End Time students of prophecy warn that America and the world will suffer a similar fate. It was harsh because Romans 1 and 2 declares that when YHVH's credentials as Creator are challenged, that is where YHVH draws the line in the sand prophetically speaking.

Also realize that based on a careful study of Romans 2 and Genesis about Sodom, it was not necessary due to the homosexual practices that YHVH judged the cities or a society or nation. It is when the society or nation accepted and condoned the practices as it is now like in American that it will reign fire and brimstone perhaps also at some point. The good news of Jesus is that His New Covenant or Law is unconditional, solely based on being freed from sin, self and Lucifer. It is maintained by Him although His Church still has obligations and responsibilities from a love and desire of Christ Jesus.

Economic Enslavement

Another form of slavery is economic enslavement. It has been the case that countless masses became destitute, without money, have lost everything and the only way to survive has been to approach someone of means and proposition that such can or will work for food and/or shelter. This is the type of slavery by definition that was mainly practiced in the Old Testament aside from war. In this cultural context it was the Law of YHVH that gave humane protocols to this ugly institution. Yet when displaced homeless and returning Vets in America do and ask the same on street corners, isn't that a form of enslavement they have fallen into due to government neglect to take care of? What about the 100+ millions on some type of dependency to the federal government?

As it is, America in particular is a slave to its unpayable national debt. Thanks to the schemes of the New York and London Money Changers, the fraudulent central banking system has all but assured an eventual bankruptcy to come. This is why YHVH prescribed the Jubilee Year to ensure a reconciliation of all accounts to be zeroed-out to avoid national and personal enslavement to economic debt. As mentioned before, many criticize the Old Testament for how 'slavery' was allowed to exist in the same line of thought of how YHVH prohibited Israel from eating pork or shrimp. Even Obama contested these precepts in contempt of YHVH's judgments and sovereignty. It is because those animals are scavengers, basically dung eaters that contract parasites, diseases and spread plagues among the populace. Especially in those days, there were no dietary laws or rational hygiene or good practices practiced in the nations.

YHVH instructed Israel for example to have a separate places for going to the lavatory and not mixing water with feces and urine that cause dysentery, what a novel idea. As to this day, millions die in the world of dysentery because whole villages eat, sleep with such animals and contract diseases. The point is that YHVH wanted a people separate for Himself, clean, spiritually, mentally and physically that He could use to be a light to the nations. It would have been a testimony of the changing and transformation power of GOD's work or reconciliation and restoration based on repentance. It would also provide an object lesson of how GOD took former slaves, a people last in the world, the tail as the Bible describes the Jews and made them the head and princes of His people. It was from such a race that the greatest kings on Earth came from. There are the 3 greatest kings of the world, Jesus foremost, then Solomon and David.

YHVH wanted to bless His people beyond measure but foremost realize that YHVH got disappointed because Israel, first of all should of not have had a king. It was the nations that had Pharaohs and Emperors but Israel wanted one so that they could be like the nations. So Saul was given to them but YHVH warned Israel that a king, a Pharaoh would become a harsh taskmaster; it happened. Then King David became the standard of a righteous king before YHVH despite his many failings. Again YHVH warned him not to have slaves, bondservants, wives, or concubines, gold, silver nor number his army; guess what he did....just that. Yet the narrative of the Bible is a record of how the LORD forbore with the insubordination of Israel but up to a point.

It is much like a father giving every opportunity for grace to a son or daughter not cooperating in hopes of a change of attitude and/or behavior. This is what has happened now to America, an end and coming enslavement as a result as civil war came to Israel and Kingdom was divided and GOD's People eventually taken into physical bondage by the various nations. America like Israel of the past was different, unique, set apart but it wanted to be like the nations of the world and have their laws, not YHVH's, the GOD of the Bible. America also wanted a leader, a Pharaoh just like the nations and it elected one twice to its detriment as this Pharaoh that knows not the GOD of Joseph is perhaps who will enslave them.

The Politics of Enslavement

The enslavement of America has been coordinated in gradual increments sense the beginning through a dual religious system and shadow government. This has been the religion of the Builders that eclipses and is contrary to Christianity. This shadow government is presently in fronts like the Tri-Lateral Commission, the Council on Foreign Relations CRF, Political Action Committees PACs and non-prophet foundations to name a few. The key mechanisms to erode civil liberties have been through legislative case law and through Presidential Executive orders. For example, the inevitable ruling by the Supreme Court to legalize sodomite marriages will occur despite people's desire like propositions 8 in California to repudiate a redefinition of marriage. An immoral behavior is not a Civil Rights issue but a moral issue. Almost overnight, the vogue issue of same sex marriages has been implemented on the fast track despite being a population less than 3% as determined by the CDC census.

In exchange, the traditional Christian world view and moral stance for the family, faith and sanctity of marriage is now seen as hostile, irreverent and counter-culture. Moreover, those that still will hold to such precepts will be persecuted, legally and to the point of death at some point in the coming New America. These methods of so called 'hope and change' have circumvented the congressional process for the most part as the issues are given a false veneer of being the People's choice. Congress is bought and sold, case in point is the Patriot Act and the current Trans-Pacific Partnership (NAFTA II) and the illegal NSA domestic spying industrial complex. According to a report by the FBI, only 1 case since the Patriot Act was formulated has there been any benefit of domestic spying that is sold as 'protecting Americans'.

Instead the 'terrorist' list is made up of mostly Constitutionalists, Patriots, returning Veterans, Bible believing Christians, Libertarians, etc. Overtly through legitimate but compromised government and clandestinely through their shadow government bodies, such a cabal operate spy agencies that are not accountable to the Congress and when subpoena, they lie. These Luciferian based cartels buys-off or extorts Congress and are forced to toe the line on such measures as the Patriot Act and the NSA domestic spying apparatus as they are the conspirators that allow for Pearl Harbors, 9-11s and Boston bombings, etc. All the while the middle class bears the brunt of sustaining the rigged and collapsing economy of America. It is a case of more bricks with less straw.

The shrinking Middle Class has been subsidizing the agencies, banker bailouts, the auto industry, foreign aid to America's enemies, and sustain the unemployed poor. All the while the immortal 1% has raided the gold and resources of the nation and transmits an illusionary false dimension through their media, education, pharma, agra and military industrial complexes that all is or the benefits of 'protecting Americans'. Now that the various plans have been accomplished by the Luciferians, the Middle Class is being disposed of and the enslavement of the masses is to commence. These are the reasons for why the American Pharaoh was put into power. The coming literal bonds and chains will be placed on millions of the descendants of the slave owners. It does appear that America is staged to be returning to a state of slavery, Orwellian style.

The Law of the Slave

The type of slavery dealt with and with the prescripts of the Old Testament Law did not have this Orwellian façade. His or her free was not taken away. Amazingly there is a provision of servitude called the Law of the Servant in Exodus 21:5-6 *"But if the slave plainly says, 'I love my master, my wife and my children; I will not go out as a free man,' then his master shall bring him to God, then he shall bring him to the door or the doorpost. And his master shall pierce his ear with an awl; and he shall serve him permanently*". Apparently some 'slaves' had it really good and a relationship with the master that was to the level that some 'slaves' elected to be permanently bound to the master for life, enough so that a physical 'mark' was made to his effect to seal the deal. This is a Christian type foreshadowing the restored special relationship lost in the Garden between YHVH and Humanity. It is a picture of how one comes to love Jesus as the Master, Holy King and Creator that He is that one seeks to permanently belong to Him no longer as a slave to sin, self and Lucifer.

According to the teachings of the New Testament, one is only truly liberated and free in Jesus and free to love and accept the friendship of the Father through the Son, Jesus Christ. The test of true freedom is that YHVH allows those still alienated from Him to remain in such a lost state. The New Testament also teaches that amazingly now, His Disciples are more than servants or slaves but adopted sons, co-heirs with Christ. This is amazing as the special relationship with the Creator reaches such an intimacy that the Master no longer calls His Disciples slaves but Friends much like Abraham who was called the Friend of YHVH. This New Covenant is based on a 'New Creation' and is about more than that in so much that Jesus came for a consort, figuratively speaking.

Jesus went to the public market place to take a slave off the Satanic auctioning block of sin and bondage to pay in substitution with His body and blood. He Himself became as a slave and served Humanity so she, as a type of Eve could be redeemed, meaning paid for and could go free. Amazing, YHVH's love goes beyond this justification in that He desires to make her His wife and enter that special relationship that was lost since Paradise. The desire is to have such freed slaves realize the immense love of GOD the Son for the Father to have been willing to do that for His behalf. Also such former slaves would also realize that they are called to also constitute His holy bride. One day such will co-share, co-reign all that Jesus will be given and that is everything. In Psalm 113:7 it states, *'He raised up the poor out of the dust, and lifted up the beggar from the dunghill, to set them among princes, and to make them inherit the throne of glory: for the pillars of the earth are the LORD'S, and he hath set the world upon them.'*

Prior to this Fall, it is speculated that the human brain had 100% full capacity to be in full relationship with the Creator and Creation. Adam could name all the animals; he is attributed to have named all the constellations, etc. The point is that one's comprehension of what the Creator was all about is at best only 2% now of what the human brain power can possibly fathom. Because of the Fall and broken special relationship, one's perspective is full of limitations and understanding of YHVH's ways is flawed by the sin nature that naturally rejects the LORD's ways. Without Jesus, Humanity is presently blind and under the rulership of Lucifer as one's true master whether one recognizes that or not; he would prefer one didn't *and do thou what wilt, is the sum of his law.*

In essence, this is the core of the Luciferian law that introduce a false notion of freedom and liberty through double-speak like with such words as the Patriot Act, the Freedom Act, etc., but are affronts to enslave the masses. Before Humanity invited YHVH to leave, Humanity has been on its own. Also realize that before the revolt, there was a perfect environment, no slavery, no abuse, no exploitation, no forced or obligatory servitude, just as Jesus wanted it and was and still is His original intent. That is why by the way, Jesus promised to return to restore this perfect Garden once again at His 2nd Coming. Jesus is currently working through His Church to restore the special relationship through personal witness. It comes from a 1st hand witnesses of the benefits of such a friendship that can testify of it one soul at a time. It is the promise of the New Covenant, the restored special relationship based on freedom to love.

Christian Freedom

'It was for freedom that Christ set us free; therefore keep standing firm and do not be subject again to a yoke of slavery'. -Galatians 5:1. In a historical comparison, it is estimated that at the time of Jesus, more than half of the people of the Roman Empire were slaves to varying degrees. To be a Roman citizen was gold and amounted to privileges far above the possible for the common man or women to obtain. The Apostle Paul was a Roman citizen and he used that position to advance the Gospel as when he was accused of sedition by the Jewish usurper religious leader of his day. Paul appealed to Caesar as any Roman citizen had the right to have Caesar himself hear the case. Thus his travels to Rome and time in prison. This circumstance of a sort of restriction allowed for him to write the better half of the New Testament although physically chained to a Centurion. It actually served as body guard until he was beheaded by Nero.

It was in Rome that the first converts heard the message of Jesus were the slaves, even within the very household of Caesar as stated by Paul in his Epistle to the Philippians in chapter 4:22, *All the saints salute you, chiefly they that are of Caesar's household.* The effect of a transformed life of the slaves of Rome took time, in fact several 100 years to the point that as the moral decadence ensued as the persecution of Christians intensified. These 2 go hand in hand and has through history and will in the near future in America and the world. The empire collapsed and the slaves were set free as Constantine morphed the state religion with so called state 'Christianity' by the Edict of Milan. It was this slave underclass that invented the hospitals and hospices and fished the aborted babies thrown into the Tiber River, etc. The point is that the People of Jesus had such an effect on the society, it was enough to eventually abolish slavery.

Foremost being a Christian is a responsibility. It is not a license to sin all the more as some Gnostics thought and taught in the early Church and to this day. The point is also that it can take 1 man to abolish slavery and do a quick work. John Newton who wrote the song, *Amazing Grace* was a British seaman who was involved with the slave trade from Africa to the Americas. In a severe storm as his ship was about to be compromised and he was about to perish, the accounts state that he 'cried out to GOD for mercy'. He converted to Christianity but his conversion was gradual as he continued in the slave trade even as a Christian. This is much like Israel still allowed the economy of human slavery to exist despite the experience of such a nation, once in slavery was liberated.

It was only later in his life where he self-taught himself Latin, Greek and the study of the New Testament that he realized the error of his ways. He later joined forces with William Wilberforce, the British Member of Parliament who led the Parliamentary campaign to abolish the slave trade in the British Empire, culminating in the Slave Trade Act 1807. This is the jewel and amazing aspect about this special relationship between Humanity and YHVH in that there is provision and ability for human beings to repent and reconcile because the relationship with Jesus is based on love, not fear or condemnation. This has been also the story of America in that it took a Civil War to rectify human slavery and how Southern Baptist Christians came to repent and ask for forgiveness and reconciliation for their complacency in allowing human slavery to exist in the South.

The Year of Jubilee

Without such a strong Christian witness, the coming enslavement of America and the world will go on without much objection or opposition. The People of YHVH bound themselves to adhering the Law and had to 'follow' and live by it but in Christianity Jesus, GOD the Son came to fulfill not only the requirements of the Law but to bestow a righteousness apart from the Law. In the protocols of the Old Law agreement, what was required was the minimum. It did not preclude going behind the prescribed or even the required holiness of the letter of the law. If the society of the Semites for example would have agreed to come to a realization that human slavery in any form and owning other people was wrong, they could have written a law to that effect. In turn YHVH would have sanctioned it as the case with divorce. To go beyond the righteousness of the law, righteousness required a new disposition within the human domain.

Why it took centuries in some instances for human slavery to be 'officially' abolished is that going beyond the letter of the law requires a heart. And the human condition. A new heart can only be attained by coming to Jesus. Only then can a total transformation from within occur to include a new heart, mind and eventual body. The case then as now is that human slavery has benefits humans did not want to give up. It was for this very reason that YHVH instituted in the Law, the Jubilee. This would have insured that GOD's People specifically in all forms of servitude or slavery of the worst kind or not would be released. Property would be returned and all types of debt would be erased. This Biblical precept was not observed by Israel due to greed and covetousness. Ironically the Jews found themselves in bondage and slavery because of it and suffered several national exiles from the Land of Promise much like Adam and Eve.

This demonstrated the severity and seriousness of keeping one's commitment within this special relationship between Israel and the Creator. This rectification also is applicable in the New Covenant as Jesus evaluates and prescribes remedies for non-compliance within the personal relationships that the Body of Christ, the Church has between it and the Father through Jesus Christ. The New Testament teaches that judgment or evaluation starts in the House of GOD. Thus as one comes to Jesus, such a liberation from sin, self and Satan requires also responsibility. It is not a coercion nor enslavement. More so, it was YHVH through Jesus that was sent to liberate the slaves, those bound in darkness and sin under the domain of Lucifer on Earth. Jesus proclaimed the Year of Release because the Creator is not about enslavement but freedom and truth.

The case in point is Philemon. A slave runs away from a Christian nobleman. He comes across Paul and comes to Jesus. Within the context of the society, yes, Paul could have argued, you are free in Jesus, go, no need to return to your former master much like a 'divorced' husband or wife. Paul kept to the letter of the civil law of the society but used the spirit of the law of the 'New Law of Christ' to appeal to a fellow Brother in Christ to receive his former slave not as a slave but an brother in the LORD, equally. This is what Christ's conversion of the heart will do, if that Christian nobleman had enough of the mind of Christ to come to the same conclusion, as all Christians should and can. Paul himself addresses Philemon as a fellow prisoner, a slave in essence restricted.

Sadly for Christendom, that has not been the case throughout its history. It is because although a Christian is regenerated from within, the glory of the image of Christ Jesus resides still in corrupt sinful earthen vessels. It is the last progressive piece of salvation that will be transformed at the glorification of the Resurrection and Rapture of the Bride of Christ. In terms of the Year of Release a possible correlation comes into play again in these Last Days, in a duality of the very Covenants talked about. On one hand there is the Old Covenant People of YHVH that rejected Jesus' Jubilee and chose to continue in the enslavement to sin and Lucifer's domain. Since Israel has been reborn in 1948, and especially when the Temple Mount was liberated, the test will come if Israel will honor its Jubilee and cancel all debts, release any type of human servitude and revert any property back to its original owners. This is to occur in 5776 based on the Temple Mount liberation timeframe.

As it is, the complications of the pressure by the world to allow for a Palestinian state and divide the land of Israel will overshadow such a compliance. If Obama, the American Pharaoh pushes for this division of Israel's land, it will ensure a division of America, literally perhaps as many have so prophetically envisioned. If this will be the case, a curse not a blessing will befall on Israel and America. On the other hand, the Spiritual People of YHVH, those making up the Body of Christ in Jesus also are held to a similar standard as such are already 'liberated' and are or should be operating in a Jubilee existence. Sadly many of the liberated that call themselves Christians in this last generation seek to go back to 'Egypt' when Israel left in the Exodus as many murmured about YHVH's laws and ways they were not politically correct or progressive enough.

What many are seeing come into focus is that perhaps an Exodus, a liberation and freedom is to occur for the chained and bound Women, the Bride of Christ. This will be in the form of the Resurrection and Rapture. Perhaps it will coincide with the year 5776 which is the 49th year from 1966, a Jubilee count. Many have already done the calculations in both 360 and 365 day counts from Yom Kippur 1966 and from June 7, 1967 when the Temple Mount was back in Jewish control. In both cases, the end date is Yom Kippur of September 23, 2015 when the Jubilee is to be proclaimed. This will be ushered in tandem with the new year of 5776 on the 13th of September. Many are seeing ominous signs and a convergence of celestial and Earthly omens suggesting that 5776 will be a turning point prophetically that perhaps will see the enslavement of America and the world through the Luciferian New World Order.

Thus the Jubilee to correspond on the year 5776, could be the year of an Exodus out of the spiritual darkness of the world and of a vengeful American Pharaoh. For the world and Israel and America, he will be instead an instrument of divine judgment. It will be a time of judgment, of bondage and servitude back to the spiritual land of bondage, an 'Egypt' that America has become because it has given herself over to the depravity of her lowest base morally and behavior. Jesus stated that Humanity is enslaved to sin, death and Lucifer. Furthermore human beings are mastered by what one submits oneself to serve as Bob Dylan rightly sung, *'Yet. ... But you're gonna have to serve somebody, yes you are You're gonna have to serve someone'*. Jesus offers the restored special relationship not based on servitude but friendship and adoption as son.

The American Egypt

As the Republic is circumvented by the might Mississippi River it can be seen as an anti-type of the Land of Egypt with the 10 Plagues that were centered on the Nile River. As Egypt, America was united or divided by the North and South; America is divided once again. This study suggests that in the last chapter of the Republic, America has been visited by the 10 Plagues and an American Pharaoh that will take his revenge on the nation as an agent of judgment pronounced by the GOD of the Bible. This coming enslavement of America has been caused not by a divide the nation between the North and South but because of its moral divide. Those opposed to are now officially deemed Enemies of the State by Homeland Security. At that time during the Civil War, not all Christians saw the practice of human forced slavery of Africans justifiable. In the Americas, primarily in the USA, the Abolitionists were mostly Methodist Christians who saw human slavery as Biblically and morally wrong.

Yes, Southern Christians should have known better, some perhaps did but could not see themselves go against a whole society or were not willing to stand up for a different race they perhaps even saw themselves above. It took over 140 years for the Southern Baptist Convention, the largest Christian denomination of the South to officially acknowledge this oversight as sin and ask the descendants of the Black African slaves for forgiveness. The power of the New Testament witness against human slavery although better late than never. Yes, German Christians should have known better in capitulating to Hitler's new Germany and usurping of the Lutheran Church. Yes, American Christians should know better in not seeing Obama as the American Pharaoh that perhaps will enslave them. In all 3 instances, some Christians did and do.

There was the Underground Railroad of safe houses all way up to the Civil War, there was Dietrich Bonhoeffer in Germany that joined the German Resistance underground movement and worked to topple Hitler although Bonhoeffer was hanged after the war was officially declared over, etc. What will the American Christians do when the Obama, the American Pharaoh proclaims the suspension of life, liberty and religion and such are taken into the government 'plantations', i.e., FEMA Camps? Will there be Dietrich Bonhoeffers that will stand to the point of death? The government has already implemented the Clergy Response Teams that mandates that Pastors and Ministers aid the government in times of distress or national emergencies to co-opt their flocks.

As it is the compromise of the mainline Christian Church in America is such that the reason for a 'membership' is not Biblical but used to report to the federal government the list of people's information. This is one perk in exchange for a 'tax-exempt' status that obligates local congregations to compromise the Gospel and free domain to exercise the Constitutional right to freedom of assemble, speech, etc. In America, inevitably, such churches will be forced to perform sodomite marriages and ordain LGBT Pastors and Ministers. This is already occurring in the liberal apostate churches that call themselves 'Christian'. One solution is to un-incorporate and be untangled with government oversight of Christ's Houses and business. This is one of America's Christian downfall. It build up the 'house' of GOD on a business plan and model just like corporate America.

Post Modern Christianity & Secularization

This study suggests that America will see the same prophetic 10 Plagues that Egypt experienced Biblically and a far worse enslavement. Such will be a type and shadow of the ones to come literally upon the AntiChrist and his kingdom during the Tribulation period. America has allowed herself to become enslaved because according to the Bible, only in Jesus Christ is there true freedom from bondage. America is enslaved to heroin, meth, witchcraft, adultery, immorality, sodomy, murder, theft, etc., and the list goes on. These attributes are but the symptoms of a nation turning its back on the GOD of the Bible. In part, the divine blessings America once had has turned into a curse and the land of America is a witness to this coming enslavement. Some would argue that in fact such 'Plagues' have already begun to be poured out on America.

It would one thing that the nation has invited the Creator out of its domain but it has replaced it with false idols and gods. This has already occurred to Europe's Christian heritage as Islam, New Age, atheism and the occult have replaced the spirituality of the people. Many believe that as a result, America in the past decade has been intensely bombarded by judgments such as never before experienced. There has been the massive animal die-offs, the literal outbreak of Plagues such as Ebola and the poisoning of its waters in the Pacific with radiation from Fukushima. There is the oil spill in the Gulf, extreme heat, and earthquakes in diverse places and drought in the west. In the mid and east sections, flooding and extreme cold has devastated the land along with intensification of tornadoes never seen to such a degree. Some have asserted that many aspects of such calamities are part of a plan that is being geo-engineered such as with chemtrails, HAARP weather manipulation, etc.

Compared to other so called 'industrialized' nations, America is full of violence, murder, rape, abortions and thievery of its people, rulers, and those in power are appointed and behind the shadows of government. As already noted, then there is the other form of modern enslavement and by the same Money Changers of the European capitals and their New World capitals of New York and DC that primarily have orchestrated this condition through legal means such as the income tax, mortgages, and property taxes. For example, as of late, the banking institutions have changed their protocols in that depositors relinquish their rights to their own money when depositing any amount. Through eminent domain and the Patriot Act, private property can be confiscated.

One's own home, if paid off is still not technically 'owned' as property taxes are a form of paying rent and if a payment is missed the property can be forfeited and repossessed by the banks and/or state. The wealth of the nation's resources are given over to corporations like in oil and mineral industries and who pay minuscule taxes if at all and in most cases are led and run by the same conglomerate of foreign banking interests. What is worse is that private corporate megaliths are protected by a federal government apparatus and its laws, yet are exempt from its laws. Such corporations use the federal national Army, the best in the world to police and fight its Banker Wars with. Such a cabal holds no allegiance to the Republic nor its citizens other than to brainwash them and dump down with vaccines, mindless entertainment as they monopolize the natural resources from the Republic that extract its wealth through interests and thievery.

The Coming Liberation

Even so, many Christians just come to Jesus for fire insurance and become saved, as Jesus is only their Savior such do not make Jesus their LORD. As the old cliché goes, Jesus is just resident within one's heart, not President. Jesus set Humanity free from the power of sin, Satan and self but requires a surrender, not of one's will or brain but to have them conform to the image of Jesus Christ. This image is the image of the Creator, of a holy One that is for justice and freedom. Until then one is still a slave. Moreover the Bible teaches that on top of that, one is at enmity or at war with the Creator and on the side of Lucifer's rebellion. It is for such that Jesus will come back and make war with. These are those that not only have refused Jesus' Lordship and authority but seek to overthrow His place and power as they are in league with Lucifer to set him up as the Sovereign of the universe.

What Jesus came to do was not stamp out hunger, feed the poor or legislate the abolition of human slavery. At the core such conditions of Humanity are but symptoms that come out of a wicked heart of darkness that is enslaved to sin and Lucifer's ways. Jesus did feed the hungry, attended to the needs of the poor. Jesus foremost came to set the slaves free; free from the heart disease of sin. If a heart is transformed the mind and body follows. This in turn would cause or should cause the effects of a man or woman with a heart, mind, soul and spirit growing and knowing of Christ to transform the society to do away with all that and slavery. Now as to why has it not been the case is because not all people obviously come or want to come to Jesus.

On one hand, once a person comes to Christ there is a responsibility to mature and acquire the mind of Christ which takes effort, discipline, learning and education. Even many true Christians did not take the effort or responsibility to do this. Many today don't have this faculty to be taught in some cases due to persecution in certain countries. In other instances, Christians in more affluent nations or societies become complacent and comfortable and become stagnant instead of being the agents of salt and light that such ought to be. Those having the salt and light that could have stayed-off such a curse upon the land as before have become complacent as they have been lulled to sleep through prosperity and comfortability. Yet others misuse or misrepresent the tenants of the Old Testament conditions of the prescription within the context of the 1st century society and exploit the Scriptures for their own plans and evil purposes.

Many that are seeing through the window of the American Church as the mainstream Laodicean Church age for example as a shameful and embarrassed testimony of Jesus in these Last Days powerless to stop the coming enslavement of a vengeful American Pharaoh. Unless the threshold is maintained of YHVH's People that repent, the nation they reside in will not be spared, i.e., Abraham's 50 number and supplication. But even this condition was foretold, there would be a fallen away from the truth and the last age of the Church, that of Laodicea would be abhorrent. It is Biblically suggested that in the last generation, there will be the fulfillment of that duality of opposites within the Body of Christ. There will be metaphorically 5 wise and 5 foolish 'Virgins' that in tandem have set the course of which one every single Christian will find themselves as.

By many prophetic estimations, what is coming upon America and on the world is judgment just like in Noah's day, like in Pharaoh's day by a vengeful American Pharaoh especially against Jesus' People. This coming enslavement by the vengeful Pharaoh will culminate in the Tribulation Period. This study is not dogmatically insinuating that Obama as typified by this study is the Paranoiac AntiChrist that will remain to be seen. What is being argued that as a metaphor, it appears based on a culmination of various changes in the laws, morality and disposition of America, there will be an enslavement of America. With a promise of peace and safety, the American Pharaoh will expect the masses to be subjected. Any dissidents not going along with the New Order will be already labeled Enemies of the State. When GOD is invited out of a nation it is all that more easy for a Pharaoh to take its place as he demands to be 'god', lord and master in the place of the Creator YHVH.

Such a person will be the highest 'law' of the land because America took away the Law of Liberty, the Law of Freedom from the Land that once stood solidly on YHVH's Law. With Christianity, Jesus no longer calls His followers servants but friends. In John 15:15 Jesus stated, *'I no longer call you slaves, because a master doesn't confide in his slaves. Now you are my friends, since I have told you everything the Father told me.'* As it is all political, economic and judicial power has been transferred to the Presidency for such a place and time. Realize that the Bride of Christ is at the point where she must 'get in the Ark'. The door is about to be closed Biblically speaking. The Bride of Christ can be assured of 1 thing that Jesus will come for her at the right time, not too early or late but according to the Father's schedule. This provision of deliverance and an escape, an Exodus was given through the Jubilee that Jesus has already proclaimed.

If the Bride is to experience persecution of the Middle East type in America before the Rapture happens, that remains to be seen. The Bride has suffered persecution since the beginning and what has held her is that she has stood on Jesus' Testimony regardless. In these last dark days, the true Bride of Christ has maintained Jesus' Testimony and Truth. This is what she must continue to do in such circumstances she might find herself in during this coming time of the vengeance of the American Pharaoh. Jesus stated that Truth is the means by which true freedom is obtainable and maintained. Only this Truth as found in Jesus is thus what is the standard of a righteous people and nation and is sustained by it. It is when a nation changes this standard, the Truth for a lie that it is run on fear of terror that society becomes corrupt and will eventually end up enslavement. It will be a Reign of Terror. America has now reached this threshold and thus a coming slavery of the Orwellian kind. Whose slave are you?
