

Frequently Asked Questions For LAKE SALON Bridal Services

How far in advance should I book my wedding services?

8-10 months prior to your wedding date is typical for scheduling services, but please check with our wedding scheduler if your wedding is sooner than that. If we have availability, we will do our best to accommodate you.

What is required to secure my appointments for wedding day services?

A signed contract (available at www.lakesalon.com) and non-refundable full payment of scheduled services is required to hold appointments. Tipping is optional (but appreciated!) and may be done in advance on a card or in cash on the day of services.

Can my bridesmaids pay separately for their own services?

We require a single payment for the full amount of services; We accept most major credit cards for those payments. Many bridal parties pay separately for their services, but we suggest one person in the group handle those individual finances.

Do I need to bring my own product and tools?

All required pins, products, etc. will be provided by LAKE SALON. If you have special accessories (ex. clips, veil, etc.) please mention it when you book your appointments. The application of hair extensions is an additional cost.

Do I need to schedule a “trial run” appointment before my wedding day? How will I know if the style I’ve selected will work on the day of my wedding?

We have found that a “trial-run” appointment is not usually necessary for most bridal styles, since our experienced stylists are generally able to duplicate the style in the required “concept photos.” However, if you wish to schedule a trial appointment our schedule coordinator will be happy to help with that!

How much time will I need to schedule in order to finish my services before my ceremony?

You will work closely with our wedding coordinator who will handle all those details. Generally, we allow one hour per service, and we have the number of stylists required to finish your group’s services within a reasonable amount of time AND at the time you wish to be finished. It is important that your group show up ON TIME for services in order to ensure we can complete your services in an unrushed manner.

What is the purpose of the required concept photos for my wedding party?

We require everyone getting wedding services at LAKE SALON to provide us with 2 photos prior to the day of service: one "selfie" of themselves with no makeup and loose (un-styled) hair, and one picture (Pinterest, magazines, friend's weddings, etc.) of the style that is inspiring their desired "look" (hair and makeup). This helps our stylists and makeup artists know what products and techniques will work best, and ensures that the appointment will run more smoothly. If the style someone has chosen will not work with their hair length or texture, our experienced stylists will suggest modifications as necessary.

Can my photographer be present during services?

We welcome your photographer to come to the salon and capture some great pictures of the process!

Any extra tips for making the day go smoothly?

Get plenty of sleep and stay well-hydrated in the days prior to your wedding! Instruct your entire group to be present for appointments ON TIME, with clean, dry hair (no conditioner or product) and makeup-free, moisturized skin. Please bring your own lip color as it will need to be reapplied throughout the day and we do not provide product for that purpose. Don't experiment with new or unfamiliar products in the days leading up to your wedding. Please make our team aware (in advance) of any allergies or sensitivities (including latex), and encourage your group to wear clothing that is comfortable and can be easily removed WITHOUT pulling it over freshly-done hair and makeup. Matching robes and button-up shirts make for great pictures!
