

CARE CRAFTERS

PROSTHETIC & ORTHOTICS, INC.

Therapist

Care Crafters Prosthetics & Orthotics, Inc. is here to help restore your patients mobility
Feel free to call to discuss your case with Ted on his cell (845)-222-4215.

Our office requires the following:

1) The patient must have an encounter with their physician and the need for the device **must** be documented in their **notes** (dropfoot, low arches and foot pain, amputation, gait deviations, etc.) also include how the patient ambulates (assisted, cane, walker, in-home, etc.). The doctor must provide a **cursory prescription**: eval. and fit with [leg brace (AFO), prosthesis, footwear, custom orthotics, etc.].

There are three forms for your patient to complete, sign and fax or mail (information below) to us along with expanded copies of ID and insurance cards (both front and back).

- 1) Care Crafter's patient information form.
- 2) Patient consent for use and disclosure form.
- 3) Records release form.
- 4) Expanded copies of ID and insurance cards (both front and back).

In the past few years, the number of different health insurance programs has increased at an amazing rate. Even within one company, there may be several programs with varying benefits and requirements. Some programs require pre-authorization, some require referrals, and some may pay a percentage of our charges even in network.

Once we have the completed forms we will call the patients insurance to understand their P&O benefits and then we can schedule an appointment. At that time we will evaluate your patient and possibly trial devices or see examples. Please call (845)-426-6900 if there are any questions.

Thanking you in advance

Thaddeus E. Drygas, CPO, FAAOP

“At care Crafters we personalize the patient experience with dedication and quality craftsmanship”
