

## **PRODUCT DATA SHEETS**

### **MALATHION 57% – EMULSIFIABLE INSECTICIDE CONCENTRATE**

#### **DESCRIPTION**

**Malathion 57%** is a water-dilutable, broad spectrum insecticide used to control pesky insects both indoors and outdoors. For indoor use, it may be used to control roaches, ants and other crawling insects around baseboards, under sinks and stoves. For outdoor use, it may be used for thermal fogging

#### **FEATURES**

- **MAY BE DILUTED WITH WATER OR OIL**
- **EXCELLENT FOR THERMAL FOGGING**
- **EMULSIFIABLE, CONCENTRATED CONTACT INSECTICIDE**

#### **USE AND DIRECTIONS**

**LAWNS AND TURF:** Use 3-4 quarts per acre

**FOR ANT MOUNDS:** Soak mounds using a 1 1/2 pint to 100 gallon dilution

**FOR FLOWER BEDS:** Lightly spray infected areas with diluted product

**MOSQUITO LARVAE:** Apply 13 ounces per acre of standing water
