GREAT OUTDOORS FRAGRANCES

Antique Sandalwood

A woody, musky heart made from sustainably harvested sandalwood and cedarwood essential oils, softened with subtle notes of violet and jasmine.

Australian Bamboo Grass

This creative fragrance begins with top notes of fresh lime, mint, and ozone; balanced with middle notes of French lavender, and well- rounded with a nice base note of white musk. You will be in heaven!

Caribbean Teakwood

Caribbean Teakwood is a masculine masterpiece. It is bold and complex - leading with a top note of leather, tobacco, amber and musk. The middle is a spicy mixture of black tea and pepper. The base note is aged teakwood with tones of patchouli and sandalwood

Cedarwood Vanilla

Cedarwood has a delightfully earthy tone and a strong woody base. We've blended it with a classic vanilla and a touch of sweetness to create a fragrance that is both warm and sophisticated.

Driftwood

Great as a masculine or feminine scent, our Driftwood is a woody, earthy mix of vanilla and sandalwood, warmed with musk and a touch of patchouli for a calming and long lasting fragrance oil.

Eucalyptus

Fresh picked eucalyptus leaves with hints of lime. This fragrance has a high essential oil content which allows the smell to be stronger and more authentic than other fragrances on the market.

Fig Tree

We've got a couple of fig fragrances, but this is our favorite. It's a little earthy, a little clean, a little sweet - very sophisticated - you need to try it!

Fresh Bamboo

An intoxicatingly fresh, well-balanced, green fragrance encompassing a fusion of the following unique fragrance notes: golden bamboo, sparkling bergamot, red grapefruit, night-blooming jasmine, cyclamen, muguet lily, and wild grasses.

Fresh Cut Grass

The wonderful fresh aroma of freshly cut green grass. Just like the real thing.

Harvest Moon

Harvest moon fragrance is a true work of art fragrance beginning with top notes of fresh pear, blueberries, and pineapple; followed by middle notes of juniper berries and eucalyptus; and well rounded, with base notes of spruce, woods, Douglass fir, cedar, and white musk. Best Seller!

Himalayan Bamboo

A complex union of bamboo foliage and rich green florals. The subtle character of this fragrance is calming rather than overwhelming, so it is well suited for a high-end or aroma-therapy line - where a room filling, not house filling fragrance is desired.

Indian Sandalwood

Indian sandalwood fragrance oil is described as a warm, sweet, rich, woody fragrance.

Juniper Breeze

Refreshing scent of forest greens, jasmine, green apple and musk. Wonderful in bath and body products.

Moon Lake Musk

A deep yet balanced musk that is well suited for either masculine or feminine products. Notes of fern and orris add to the musk flower and woody base notes.

Oakmoss and Amber

Infused with natural sage, lavandin, and orange essential oil, Oakmoss and Amber isn't one of them. It has universal appeal with rich woody and musk base notes - yet has an enchanting fusion of herbs and amber that give it a feminine touch too.

Stormy Nights

An earthy, yet ozonic fragrance blend reminiscent of the way the night smells after a storm. The Stormy Nights fragrance begins with top notes of ozone, fresh air, and white flowers; followed by middle notes of ylang ylang and tuberose; and with base notes of patchouli and musk.

Twigs & Berries

Some scents do well year round, and we think Twigs and Berries is one of them. Spicy berries, punchy fruit, and woody undertones make it a popular choice as a masculine or feminine fragrance oil

Twilight in the Woods

Top Notes: Mandarin Balm, Tangelo, Eucalyptus; Middle Notes: Jungle Moss, Patchouli Leaf, Sandal Tree; Base Notes: Red Wood Forest, Amber Glow, Musk
