

2016-ATLANTIC CITY BEACH

2016 Atlantic City, New Jersey

News update! www.daydreamtours.com

ATLANTIC CITY has forever changed during the 32 years of bringing tours to this Jersey Shore. The beach and boardwalk continue to improve, casino hotels have opened and closed, people have come and gone and we are still offering tours to this one of a kind destination. Air shows, Miss America Pagents, Sand Sculpting Contests, Outlets, Conventions and the beautiful Atlantic City Ocean are all part of the reason tourist flock to this destination. Atlantic City is known for gaming, but offers a whole lot more!

The Tropicana's indoor cobblestone walkway full of shops, restaurants and entertainment, will continue to be on our list of favorites. The Tropicana has a new laser light show, summer boardwalk entertainment, shops and lots to explore. The wide sandy beach offers value to our summer tours. The Tangier Outlets and Caesars Pier give the shopper an array of choices. Trolley Tours run to Cape May and Smithfield Village. Dolphin and skyline cruises are popular favorites many of our customers. Selected tours include a day in New York City and Cape May. **Resorts, located next to the Trump Taj Mahal, is one of the longest running casino hotels in Atlantic City!** Margaritaville and the Land Shark Pub on the beach has become a favorite addition to attract visitors to this historic casino hotel. New rooms, restaurants and a pleasant hotel staff, along with entertaining shows make this a great value!

Have a group? Additional dates and perks offered when we arrange your tours.
