

Poa Trivialis

WinterPlay

WinterPlay is a newer generation cultivar that is excellent for overseeding tees, greens, and fairways in warm season climates or permanent turf situations in cooler climates.

WinterPlay is a high quality turfgrass that exhibits improved turf density, fine leaf texture, and dark green color that more closely compliments the color of perennial ryegrass and creeping bentgrass. WinterPlay is excellent for mixes designated for cold and wet conditions.

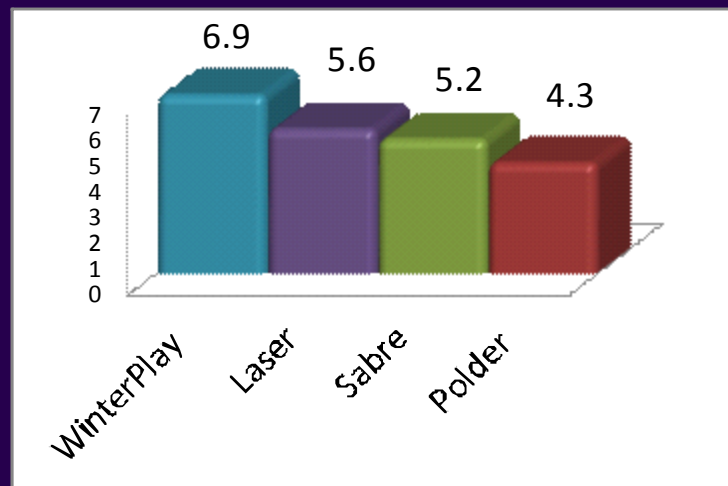

WinterPlay has good resistant to Brown Patch, Stem Rust, Pythium Blight, and Powdery Mildew.
