If ever there was a Golden Boy, he's the one! With 23 National podiums, including 9 class WINS and 11 open WINS, it's no surprise to see Matteo's name at the top of the NAG rankings. Pigo is currently sitting NAG 2 in the 9x class and you can bet he's looking for #1. So keep an eye out for BlackCrown's Golden Boy, with the golden hubs, because we have a feeling Matteo is just getting started...
