

Volunteers Needed

We are seeking volunteers for Board positions for term beginning on April 1, 2018. Positions are: President, Vice President, Secretary, Treasurer and Members-At-Large.

Please spread the word and consider if you would be able to take on a role. The jobs are not difficult and don't require any special skills other than the ability to be an ambassador and to connect with people who are seeking information about joining the garden.

Many hands make light work. The administrative work is not complicated or too time consuming and the current board will help with the transition.

Please consider giving some of your time to volunteer so we can keep the garden up and running.

We'll Vote on Sat. March 31 at 10am at the Oldsmar Library
