PARENT & ATHLETE CONCUSSION INFORMATION SHEET

HEADS UP CONCUSSION

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious.

WHAT ARE THE SIGNS AND SYMPTOMS OF CONCUSSION?

Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury.

If an athlete reports one or more symptoms of concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of play the day of the injury. The athlete should only return to play with permission from a health care professional experienced in evaluating for concussion.

DID YOU KNOW?

- Most concussions occur without loss of consciousness.
- Athletes who have, at any point in their lives, had a concussion have an increased risk for another concussion.
- Young children and teens are more likely to get a concussion and take longer to recover than adults.

SYMPTOMS REPORTED BY ATHLETE:

- · Headache or "pressure" in head
- · Nausea or vomiting
- · Balance problems or dizziness
- · Double or blurry vision
- · Sensitivity to light
- · Sensitivity to noise
- · Feeling sluggish, hazy, foggy, or groggy
- · Concentration or memory problems
- Confusion
- Just not "feeling right" or is "feeling down"

SIGNS OBSERVED BY COACHING STAFF:

- · Appears dazed or stunned
- Is confused about assignment or position
- · Forgets an instruction
- · Is unsure of game, score, or opponent
- Moves clumsily
- · Answers questions slowly
- · Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes
- · Can't recall events prior to hit or fall
- · Can't recall events after hit or fall

[INSERT YOUR LOGO]

"IT'S BETTER TO MISS ONE GAME THAN THE WHOLE SEASON"

CONCUSSION DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- · One pupil larger than the other
- · Is drowsy or cannot be awakened
- A headache that gets worse
- · Weakness, numbness, or decreased coordination
- · Repeated vomiting or nausea
- · Slurred speech
- · Convulsions or seizures
- · Cannot recognize people or places
- · Becomes increasingly confused, restless, or agitated
- · Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously)

WHAT SHOULD YOU DO IF YOU THINK YOUR ATHLETE HAS A CONCUSSION?

- If you suspect that an athlete has a concussion, remove the athlete from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it's OK to return to play.
- 2. Rest is key to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration, such as studying, working on the computer, and playing video games, may cause concussion symptoms to reappear or get worse. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional.
- Remember: Concussions affect people differently. While
 most athletes with a concussion recover quickly and fully,
 some will have symptoms that last for days, or even
 weeks. A more serious concussion can last for months or
 longer.

WHY SHOULD AN ATHLETE REPORT THEIR SYMPTOMS?

If an athlete has a concussion, his/her brain needs time to heal. While an athlete's brain is still healing, s/he is much more likely to have another concussion. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to their brain. They can even be fatal.

WYANDOTTE INDIANS PARENT AGREEMENT

Child's Name_____ Squad_____

1.	All of the DJFL rules, and all of the Wyandotte Indians rules and bylaws are to be followed.
2.	At least 1 parent must attend the mandatory parent meeting in August. Failure to come to the meeting will require an additional \$25.00 in the fundraiser raffle tickets.
3.	Parent or someone over the age of 18 is responsible for fulfilling 3 volunteer positions per family. Failure to do 3 volunteer positions will result in benching the child, forfeiting the deposit, not being able to attend the banquet, and the loss of veteran status.
4.	Each child is required to do 1 mandatory fundraiser. All money for the mandatory fundraiser is due on the Wednesday before Labor Day. Failure to do so will result in the child being benched until all money is turned in.
5.	Parent is responsible for the equipment/uniform. If lost or stolen parent is responsible for the replacement cost of missing items. They must be turned in by assigned date and failure to do so may result in a late fee or loss of deposit. Uniforms must be washed and cleaned before turning in. Failure to do so will result in a cleaning fee that will be taken out of deposit.
6.	Any child that drops/quits after July 1 st but before August 25 th will forfeit half of the deposit. If any child drops/quits after August 25 th they forfeit the whole deposit.
Note:	Uniforms should be washed in cold water and hung to dry
I have	read and understand the above guidelines.

Cheer: Uniform and Dress Code

Wyandotte Indians will supply the crop top (except the mascots), vest, and skirt for the cheerleaders.

They will also need to wear, as a part of the uniform (not supplied by the Wyandotte Indians)

- Navy blue cami or spaghetti strap tank top to wear under vest when we do not wear the crop top in warm weather.
- White ankle or preferably no show socks.
- White cheer shoes with arch support. There are websites such as omnicheer.com and cheerleading.com that sell cheer shoes at a decent price.
- Navy blue briefs, preferably boy shorts for under the cheer skirt.
- Inclement weather: must wear the purchased raincoat from registration.
- Cold Weather: navy blue sweat pants or leggings, gloves, headband and/or hat. There will be an order placed for the Indians warm ups that can be purchased and worn with uniform on game days. We are not responsible for sizes that do not fit, so please make sure you order the appropriate size. Ask around for someone to bring in their warm up for size comparison.

For practices and any and ALL DJFL events:

- NO pockets anywhere on clothing, no hoods, no glitter anywhere on clothing, no sequins, no snaps, no buttons, nothing of any kind that could potentially cause some sort of safety issue if a child were to be stunting or tumbling.
- NO makeup.
- ONLY athletic shoes with arch support, no Vans or Converse type shoes allowed.
- Hair up off face and shoulders at ALL times.
- ABSOLUTELY NO jewelry of any kind, even if your child recently got their ears pierced.

Your child will NOT be able to participate and will have to sit or will be calling for a change of clothes and/or shoes, if they come to practice or game not wearing appropriate cheer gear. Your cooperation is greatly appreciated.

MUST FILL ONE OUT FOR EACH INDIVIDUAL CHEERLEADER

CHILD's	S NAME:

Cheer T-Shirt & Shorts Order Form

Each cheerleader will receive a uniquely designed cheer t-shirt and a pair of cheer shorts as a gift to them. THIS T-SHIRT AND SHORTS ARE FOR YOUR CHEERLEADER TO KEEP!!! The girls are welcome to wear these at practice, although they may be asked to wear them on specific practice days. They are also welcome to wear them outside of practice to. *Please note cheerleaders are NOT allowed to wear their game uniforms outside of games.

These are given as a gift in the beginning of the season as we like to see the girls wear and enjoy them all season long and throughout the year.
