

# St. Joseph Catholic School

## Vacation Form

For the students of St. Joseph Catholic School, we strongly discourage vacations during the school year. Daily lessons are teacher-directed and require teacher-student interaction. Concepts given as homework are not as valuable as teacher and student working together. Therefore, we ask parents to seriously consider the effect that extended absences may have on a student's school progress.

Please read the following and then sign below.

1. No make-up work will be provided prior to the vacation absence.
2. It will be the parent's responsibility to supervise the makeup work and to be certain it is returned to the Teacher within 5 days upon return to school in order to receive full credit.
3. This form needs to be signed and submitted to the principal at least one week prior to vacation.
4. If a vacation form is not on file in the school office, the absences are considered unexcused and no make up work will be allowed. The students will receive zeros for that missed work.
