

# Introducing SALTSHA PRIME by LITGI

## What is the Saltsha Prime program?

Saltsha Prime provides the option for merchants to utilize a specialized program and collect a higher price with credit card transactions.

This offsets a majority of processing fees for the merchant by collecting an increase on every purchase when using a credit card. Saltsha Prime provides you with access to programs and technology that makes this happen easily for you:

**VIRTUALLY FREE CREDIT CARD PROCESSING**

## Traditional Processing vs. Saltsha Prime

## Saltsha Prime program includes:

VIRTUALLY FREE CREDIT CARD PROCESSING

- Saltsha Prime gold level care support
- Equipment insurance with 24-hour swap
- Free paper supplies for the equipment
- On-screen signature capture
- Direct terminal support access from the terminal screen
- Simplified statement & billing
- Dejavoov back office access with reporting – when utilizing the Dejavoov technology

## Saltsha Prime is easy!

Your equipment will be ready to install with the pre-programmed percentage or flat rate you would like to include on credit card transactions. (No more than 4%)

Accept all major credit cards....

Everything is automated....

You can increase your **PROFITS** without having to raise prices for cash transactions!
