### PROJECT MAP

#### PURPOSE AND OVERVIEW

The City of Fort Lauderdale is holding a public participation meeting on a proposed amendment to height requirements for the residential zoning districts in the **Melrose Park**, **Riverland Village**, **Chula Vista Isles**, and **Lauderdale Isles** areas. The purpose of the text amendment is to ensure height dimensional standards in these areas are consistent with other similar residential zoning districts within the City. The amendment will require height to be determined in feet instead of stories.
