#### **Bev and Dolph McCranie visit the Hummer House**

This early May Bev and I went to the Hummer House located at 21301 Toenail Trail, Christoval, TX 76935. They are easy to find on the web. We went there after seeing Paul Munch's photo of a Painted Bunting that scored a 27 and on his recommendation.

The hosts are Dan and Cathy both are extremely friendly and

very knowledgeable. Our accommodations were a very nice 4 room cottage, kitchen, bath, bedroom, and living room. All very nice and complete with a butane BBQ on the porch, it came in handy too for grilling hot dogs for lunch and the worlds best hamburgers for one dinner. We had breakfast, lunch and dinner on the porch watching, and photographing, what seemed like hundreds of Black-chinned hummingbirds.

(We also enjoyed listening to the silence). They supply breakfast foods, other meals are up to you.

Across an open area from our cottage is located a viewing area with a water feature where we photographed many of the birds. The actual viewing area is inside the building with a one way glass front. We set up our cameras to the side to have an unobstructed view.

Bev used our new 80-400 mm Nikkor and flash on her tripod for both the hummers on our porch and for the viewing area. The birds are small and even though we were within 15 -20 feet they were still small in

the frame. Because of this I got out the big gun and used the 500 mm with a 1.4 tele extender. That really helped the birds fill more of the frame. We both used flash and a Better Beamer both on the porch and viewing area. I did not use flash photographing the babies in the nest.

Dan also finds and flags hummer nests. It's a good thing too, they are very hard to spot! Because of the flag I was able to find and photograph a nesting bird

with her young and captured her feeding the babies. That long lens again came in handy as did the tripod. The birds are used to vehicles but will fly away if you get out and move around. For the frames of the mother feeding the babies I eased the tripod out of the golf cart and slowly mounted the lens without getting out of the cart or disturbing the mother bird. I don't

think that a really long lens is an absolute necessity but it does make things easier.

The property is quite large, it includes an adjacent old pecan grove, a stretch of river, a very old grave yard and more. Fortunately they do supply guests with an electric powered go cart that makes getting around very easy.

It was with regret that we had to leave after our short

stay. Next year we would like to go back for a four or five day visit so we can explore the entire property.

If you want to see more of the photographs they are on the web at dolphmccranie.zenfolio.com Equipment used:

Bev - Nikon D7100, 18-200 mm zoom, 80-400 mm zoom, tripod with Kirk Head, SB 600 flash with Better Beamer flash extender.

> Dolph - Nikon D7100, 18-200 mm Zoom, [80-400 mm zoom, 500 mm lens, 1.4 tele extender, SB 900 flash with Better Beamer, tripod with Kirk head and Wimberly Side Kick. (Golf Cart!)

#### Austin Shutterbug Club Minutes April 3, 2014

President Brian Loflin called the meeting to order at 7:00 pm, and welcomed attendees and one visitor.

He announced that the judging was being brought back into the meeting time for a change this evening.

Lois Schubert and Bassett Maguire provided refreshments consisting of soft drinks, cake and ice cream to celebrate the anniversary of the club.

Treasurer Paul Munch reported the club has \$3,359.76 in its checking account. He passed the blue envelope for new members and any contact changes for other members.

This Saturday the spring scavenger hunt will be held. Members should have received the scavenger hunt rules by email today. Kickoff will be at 9 a.m. at the Civic Center in Salado. The twenty assignments will be provided at that time. Assignments can also be picked up at lunch.

Brian discussed the upcoming juried club exhibition in the Northwest Hills Methodist Church Gallery. All details are included in the document emailed today. Entries are due May 8. Five entries per member are permitted. The club can hang 80 images, and June 3 is the installation date. There is no theme this year. Framed images should be no wider than 20 inches, but can be canvas or metal prints. Images entered must have been taken in the last five years.

Brian discussed Evaluation & Critique categories for the attendees. Phil Charlton, Dolph McCranie and Brian Loflin served as the judges, with Linda Avitt transcribing their comments. Despite technical problems, all general and assignment images were reviewed and scored.

The meeting was adjourned at 8:55 pm.
