

There's more to cost than the price of a product.

Turn inventory faster. Improve cash flow. Reduce inventory dollars. Increase sales with Linesets, Inc.

As an approved vendor with good payment terms and a lucrative rebate program – we're the lineset supplier you've been looking for. In addition to offering the highest quality product made in the U.S., Linesets, Inc. boasts:

- Shortest lead times in the industry
- No minimum orders (60 linesets for FFA)
- 4 manufacturing locations (AZ, CT, GA, MO)
- Individually packaged – no master cartons to deal with
- Mix & match standard ductless linesets with TITAN™ insulation

BACK TO BLACK

The superior choice for tear resistant insulation.

The Linesets, Inc. unique Damage Control Carton allows you to:

- Minimize and prevent damage in transit or warehousing. Reinforced package does not allow the coils to shift, bounce or bend like master carton boxes. Keeps insulation from losing form.
- Center handles allows for easier handling and carrying for your employees and contractors unlike the cumbersome master carton boxes.
- Ability to ship UPS or FedEx. A huge benefit with the new increased cost for larger boxes being charged by these carriers.
- Free up additional warehouse space! More product fits in smaller spaces due to the minimized packaging and stacking features we provide!
