

Worship Book Cover Manual

Update 2018

Purple Worship Booklet Covers (65 needed for walks)

Instructions

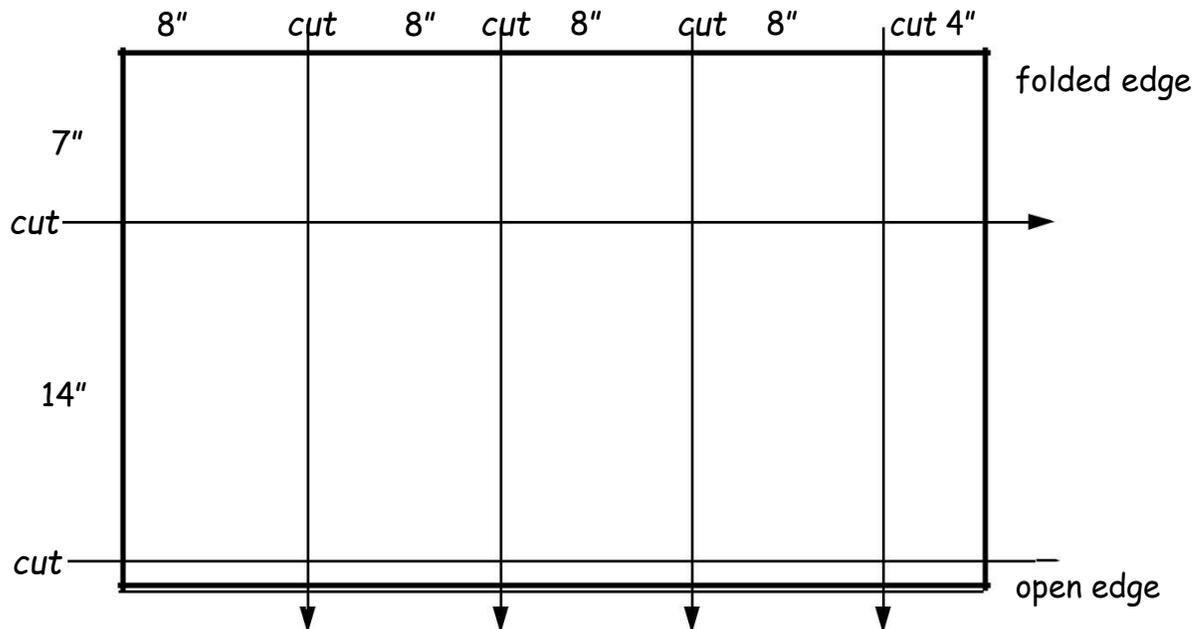

Material's you will need:

For each Walk's booklet covers (65), you will need approximately 6 to 7 yards of 44" wide fabric. Cotton duck, denim or twill fabric works well. (You will have extra for mistakes that might happen) You will also need 2 spools of thread to match covers. If you plan to add ribbon book marks, you will need 19 yards of ribbon.

This is just one version of planning and making the booklet covers.
There are other sewing patterns, but this one is pretty simple.

Cutting 8" x 14 " fabric for Booklet Covers

This diagram is for fabric that comes in 44" width, shown below folded in half for a 22" width. The picture represents one yard of fabric. A rotary cutter works well.

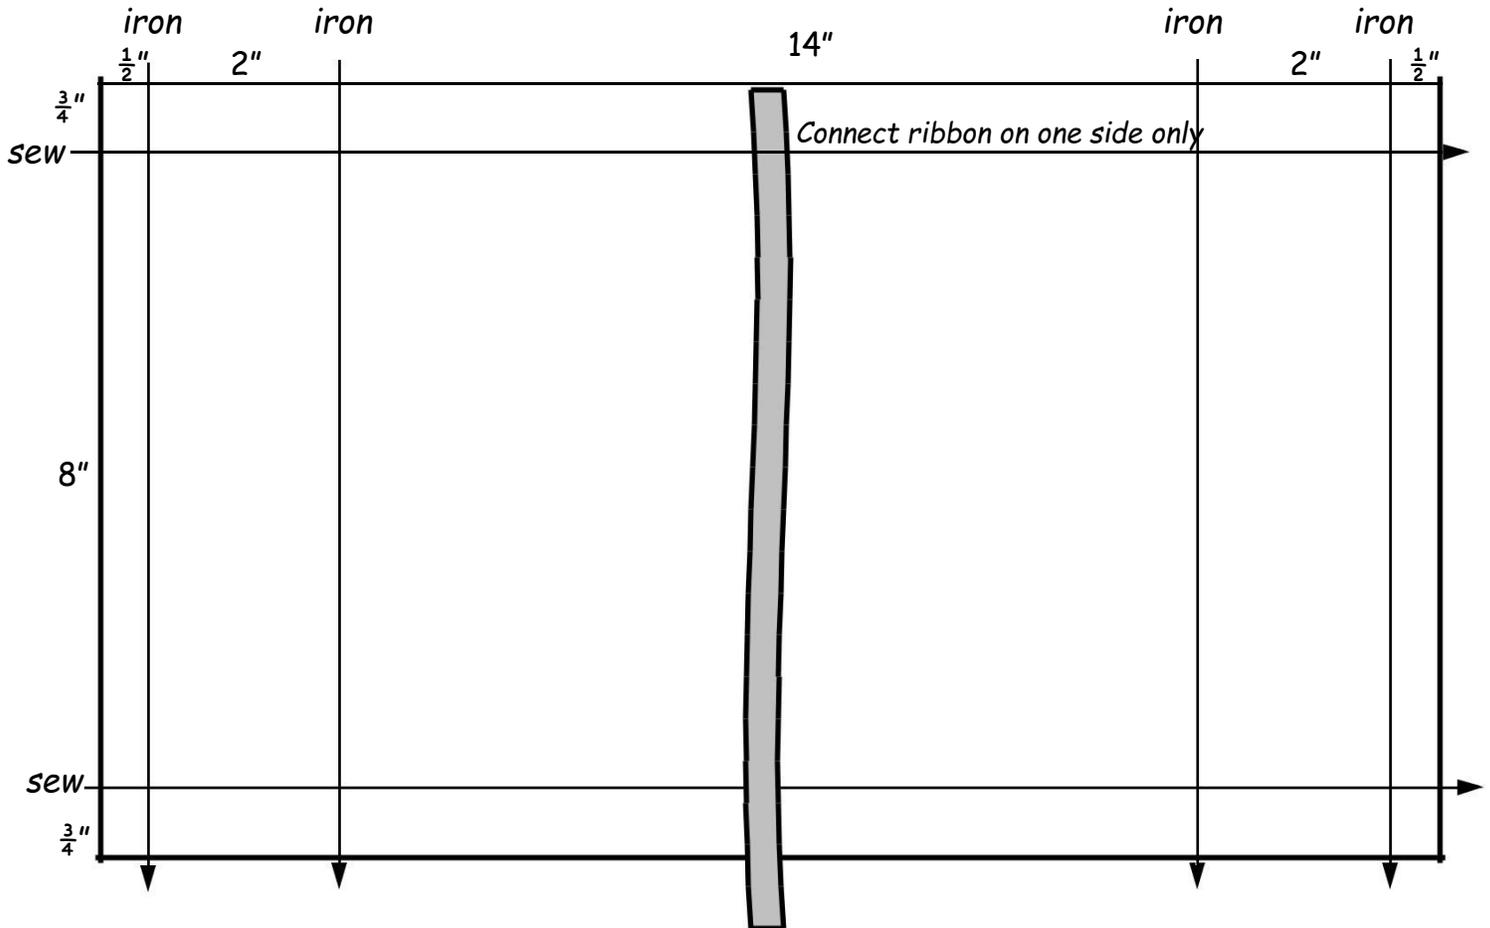

- 1 Keep the fabric folded in half.
- 2 Cut the fabric into 8 inch strips. If your fabric is continuous, you will get 9 strips from 2 yards of fabric.
- 3 Leaving the fabric folded, cut across each strip at 7 inches. (That creates fabric for one bookcover from the folded edge)
- 4 Then cut across the remaining fabric at 14 inches (That will be fabric for 2 booklet covers)
- 5 Cutting the fabric in this fashion, you will get 3 covers per strip, resulting in 27 covers per 2 yds of fabric
- 6 cut across the remaining fabric at 14 inches (that will be fabric for 2 bookcovers)

- 2 Iron 2" over from each end — right sides together (top of fabric)
- 3 With the right side of the fabric facing up (except for folded ends), sew down the length of each side at 3/4"
- 4 If desired, place the bookmark ribbon at the halfway point and sew it into the seam on one side
- 5 Turn the cover right-side out and iron, folding ribbon into the book cover
- 6 Optional: Decorate book cover (applique, glue on items, etc.) or tie beads or other items onto the ribbon bookmark.
- 7 Finished booklet cover should be $6\frac{1}{2}$ inches tall and $8\frac{3}{4}$ to 9 inches wide.

Before you sew the covers you will want to do the design on the front of them first. If you are embroidering on the covers you will have to open them all the way to hoop them. The following people have embroidered booklet covers in the past and could answer questions;
