**Mr. Randy Truby Joins Pacific Aqua Technologies, Inc. Board of Directors**

Santa Fe Springs, California – Pacific Aqua Technologies, Inc. (PAT), a world leader and an international designer and builder of advanced water treatment systems announced that Mr. Randy Truby has been appointed as a new director of the Company.

PAT CEO Mr. Hany Said stated “Randy has extraordinary technology and business expertise, and we are delighted that he is joining PAT’s board of directors. His broad business and strategic acumen will allow him to make excellent contributions to our board. We are pleased to welcome Randy to PAT board of directors.”

Mr. Randy Truby has been a professional in the membrane desalination industry since 1969. He is currently President, R L Truby & Associates. His clients include NanoH2o where he serves as a Director, Global Sales and Strategies and Toray where he serves as Chairman of the Global sales Team. Mr. Truby has additional consulting clients.

Mr. Truby has been involved in the development, application and manufacture of reverse osmosis, nanofiltration, ultrafiltration, and microfiltration membranes for over 42 years. He has served as partner and Vice President of Aqua Media Ltd., CEO of Fluid Systems Corporation, Vice President of Hydranautics/Nitto and CEO of Toray Membrane USA during his career.

Mr. Truby is currently Comptroller of the International Desalination Association (IDA) and is also a past president. He is Director Emeritus of the American Membrane Technology Association (AMTA) and served as Chairman of the Board of Directors for the Affordable Desalination Collaboration. Mr. Truby has authorized over 45 technical presentations on membrane desalination.

**About Pacific Aqua Technologies**

Based in Santa Fe Springs, California with offices in Florida and China, PAT derives its capabilities from over 100 years of combined experience in design, manufacturing and installation of large capacity desalination plants.
