Snow White prepares for her ball and dreams of finding her prince charming. When the star-crossed couple meets it's love at first sight, but the vain Queen – who fears the princess' beauty – will stop at nothing to be the fairest of the land. With the help of a trusted friend, Snow White is forced to flee into the forest. This romantic and funny adventure has all your beloved characters and a few more beside: the raven-haired and resourceful Snow White, the very charming Prince Philippe, his kind and shrewd butler Rupert, the devious Queen, a witty and slightly beleaguered Magical Mirror – and of course, there are the Dwarves – need we say more? A clever retelling of a classic tale – one for children and adults alike! The music is phenomenal you do not want to miss this!
