## Relationships and Services

### What investment services and advice can you provide me?

**Services:** We offer investment advisory services to retail investors. These services include investment management and financial planning.

We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.

**Accounts, Investments, and Monitoring:** We provide services to individual, joint, retirement, trust and estate accounts. We primarily use mutual funds in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We will generally send quarterly monitoring reports and seek to meet with you at least annually, or more frequently, depending on your needs.

**Investment Authority:** We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing.

**Account Minimums & Other Requirements:** We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship.

**Additional Information:** For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

**Conversation Starters:** *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

## Fees, Costs, Conflicts, and Standard of Conduct

### What fees will I pay?

**Asset-Based Fees:** Our asset-based fees for investment management range from 0.25% to 0.80% annually. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees.

**Hourly Fees:** Our hourly fees for financial planning are at a rate of \$295 per hour. We collect fees in two separate installments. Hourly fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate for total hours and overall costs prior to engaging us for these services.

**Fixed Fees:** Our fixed project-based fees for financial planning are based on the expected number of hours to complete the engagement at our hourly rate described above. We collect fees in two separate installments. Fixed fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate of the total cost prior to engaging us for these services.

**Other Fees & Costs:** In addition to our advisory fee, you will also be responsible for custody fees (if applicable), account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees.

**Additional Information:** You will pay fees and costs whether you make or lose money on your

**investments.** Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

**Conversation Starters:** *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

#### What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

*When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.*

Our financial professional is compensated based on the revenue generated from advisory services, which is distributed in accordance with our partnership agreement. This means our financial professional has an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of existing clients.

**Additional Information:** For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

**Conversation Starters:** *How might your conflicts of interest affect me, and how will you address them?*

#### How do your financial professional make money?

As disclosed above, our financial professional is compensated based on the revenue generated from advisory services, which is distributed in accordance with our partnership agreement. This means our financial professional has an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of existing clients.
