MetroSHAKE®

A design to suit any architecture.

Metro's stone-coated Galvalume® steel roof comes in uniquely designed profiles to suit any home. They can withstand hail, rain, snow, fire and wind, all while providing greater long-term savings and peace of mind. Metro panel profiles are available in a select highly reflective color range that meets Energy Star® requirements. The Metro profiles in Shake, Tile, Cottage & Roman designs can be installed on battens or direct to the roof deck, providing an air space beneath the panels, creating an Above the Roof Sheathing (ASV) space, for a really cool roof that meets the stringent California Energy Code (Title-24).

MetroSHINGLE®

MetroSHINGLE® Patent No.: US 6, 269,603

A green roof product designed for the future.

Metro panels are made from the world's most recycled material – Steel! The oil-free natural granite stone granules are graded to Metro's unique 18-grade size to provide a tight coating that enhances the panels pressed details and ensures long-life durability. A Metro roof will enhance your homes appearance and value and is backed by a 50-year limited warranty. All panels come with an attractive stone coating embedded in a UV resistant acrylic polymer for a lasting bond to the steel.

MetroSHINGLE®-HD incorporates a (3") wide multi-grooved side-lap for exceptional weather protection at this critical area.
