

CLASSROOM SETS

As a flagship of our company, we offer unique classroom sets containing 15 hand specimens (approximately $1\frac{1}{2} \times 1\frac{1}{2}$ in. size), and 15 corresponding thinsections. Each rock set includes 15 high quality, standard 27×46 mm thinsections ($\sim 30 \mu\text{m}$) of common igneous, sedimentary, and metamorphic rocks, protected with cover slips. The ore mineral set includes 15 polished thinsections for use with metallurgical microscopes. Each slide is beautifully labeled and designed to withstand many years of rough handling.

IGNEOUS ROCK COLLECTION

\$220

SEDIMENTARY ROCK COLLECTION

\$220

METAMORPHIC ROCK COLLECTION

\$220

ORES OF COMMON MINERALS

NOTES

Balances are due on receipt for domestic clients (prepaid for international clients). Unpaid balances over 30 days are subject to a 1.5% per month service charge. Payment can be sent by check payable to APPLIED PETROGRAPHIC SERVICES, INC. in USD or by credit card. Turnaround is in business days, and does not include shipping time. If payment is with a credit card, Billing Info will be the address the statement is sent to.

Instructions

To place an order, simply fill out the form and mail to the address above, or fax to 724-834-3556.
