Welcome to St. Mary of the Assumption Catholic Elementary School

2017-2018

Dear Parent/Guardian,

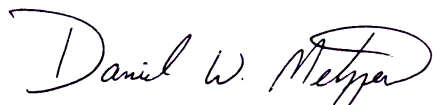

Determining where your child goes to school is one of the most important decisions you make. Thank you for choosing St. Mary of the Assumption Catholic Elementary School. Unlike public schools, we can provide an academically sound education in a Christ-centered environment.

All schools need to have well define policies and procedures – and then to carry these out. Our policies and procedures are outlined in this handbook along with other important information. Please

take a few minutes to familiarize yourself with these. This handbook is also available on www.stmarysroyals.org. If you have any questions please ask.

We look forward to working with your child/children and you during the 2017-2018 School Year. We are honored that you have chosen us to help educate your child.

God bless,

Mr. Daniel Metzger
Principal-Minister

Mission Statement

The mission of St. Mary of the Assumption Catholic School is to provide a safe and healthy learning environment where Christian morality, the Catholic faith, and academic excellence go hand in hand. We believe this will enable our students to become living examples of Christ's teaching and help them transform the world.

School Philosophy

It is our philosophy that education should include:

- Instruction in the stories and teachings of the Bible and the teachings of the Catholic Church;
- Discipline administered in a consistent manner focusing on the Christian development of a child;
- Opportunity to develop skills that will enable the child to mature and contribute to society in a positive way;
- Opportunity to develop an appreciation for and an understanding of the world as created by God and shaped by humans;
- Exposure to and mastery of appropriate subject matter.

We believe that all of the above should take place in an environment that involves and includes the child's family. We believe the above is possible as we work under the protection and through the intercession of our patron, the Blessed Mother of our Lord and Savior, Jesus Christ.

Educational Goals

Specific educational goals are established by the staff each year. These goals will include that the child will develop;

- A Christian life-style instilled through prayer, religious instruction, liturgy and participation in the appropriate sacraments of the Catholic Church.
- A Christian sense of dignity, justice, respect, and concern for self and others.
- An intellectual curiosity and an eagerness for learning.
- A cooperative attitude toward living and working with others.
- Necessary skills in reading, writing, speaking and listening.
- Necessary knowledge of mathematics appropriate for the age level.
- An understanding of history and an appreciation for this country and other countries of the world.
- Self-discipline in work and study.
- An awareness of his/her potential.
- A desire to achieve his/her own personal level of excellence.

Nondiscrimination

St. Mary of the Assumption Catholic School will not discriminate on the basis of gender, race, color, or ethnic origin in enrolling any student.

It is not about working harder, it is about working smarter – working with rather than against the brain. Not a panacea for all academic ills, it does reflect a dose of common sense backed by research. This is a comprehensive, multi-disciplinary approach.

Included in these learning techniques are:

NOTICE OF IMPLIED AGREEMENT

The registration of a student at St. Mary of the Assumption Catholic School is deemed to be an agreement on his/her part and on the parts of his/her parent or guardian to comply fully with all policies, rules, and regulations of the school, as outlined in this handbook.

Our school accepts, approves, and adopts the local school policies established in this year’s edition of the diocesan Principal’s Handbook, except as specifically modified or extended in this School Handbook, based on our local needs and circumstances. The administration reserves the right at any time to unilaterally revise, modify, delete, or add to any and all policies and procedures stated in this Handbook or in any other document. This is not an exhaustive or rigid document; rather, it sets out uniform and basic principles of application. The interpretation of the rules in this handbook is the responsibility and right of the school administration.

We are partners with parents in their children's education. We notify parents of concerns about student life or behavior, even when off campus.

Procedures and Policies

Procedures are an important part of education; they enable us to interact in a way that is orderly and consistent. They help us determine what acceptable or unacceptable behavior is. Established school procedures follow:

Entrance Security

All outside doors to the school will be locked during the school day – the main entrance on the Jennings Road side and the bell tower door remain unlocked for access to the church and building. Double doors opening into the school hall are equipped with magnetic locks and are engaged throughout the day. Entrance is controlled from the school office. An intercom is available request entry. These locks are also connected to our fire alarm and will automatically release in the event of the fire alarm going off.

Student Arrival

- Parents or guardians who transport children to school should use the main Jennings Road entrance, door #1 or the bell tower entrance, door #8. If you walk your child inside the building, please use the Jennings Road entrance (door #1). **Do not park and leave your vehicle in the circular drive to enter through the bell tower doors.** This drive is intended for pull-through drop-off and pick-up of students only.
- Students should not arrive before 7:30 am and should report to the cafeteria where supervision is provided. Please do not stay in gym after student(s) has been dropped off. This is a safety concern.
- If there is an emergency or exception to these times, please contact the principal.

Student Departure

When meeting your child at the end of the school, please follow these procedures. If you wish to meet your child:

- In the building – enter the building at door #1 and wait in the front entrance hall. Please park in the front parking lot off of Jennings Road.
- In your car at the bell tower curb side, door #8, please enter the circular drive from either the Jennings Road or the Spencer Drive entrances and wait your turn to drive to the loading area. **Please do not park and leave your vehicle in the circular drive.** This drive is intended for pull-through drop-off and pick-up of students only. School staff will monitor this procedure.
- After school Latchkey is available until 5:30 pm daily. Registration forms are found in your first day forms packet and in the school office.

We expect students to be picked up no later than 3:15 pm. If it will be later when you arrive, please phone the school office. Regular or repeated tardiness will be addressed.

- Stay seated with head, hands and feet inside the bus

All conduct codes for St. Mary’s students are applicable on the bus. Additional rules as explained by school and/or transportation staff must be followed by all students using this means of transportation.

Bicycle Riders

A bicycle rack is located at the back of the school building – door #3. Students riding bicycles should place them in the rack. Bicycle riders will be dismissed after students being transported by cars.

Absences and make-up work

School attendance is very important – it is not possible to duplicate the classroom interaction that is so much a part of your child’s education. However, if your child is sick, contagious, or feverish; please keep him/her home. **You are required call the school by 8:30 a.m. if your child is going to be absent or tardy.** Repeated tardies or absences without calling the school may result in a report being made to the county truancy officer.

- Homework assignments will be available upon request for pick-up in the office for absent students. Another student may convey homework assignment if arrangements are made.
- Make up work should be completed in the same number of days as the child is absent. Each assignment not made up in the appropriate time will result in a zero grade.
- The official record of absences will be kept by the school secretary.
- Teacher-ministers will be informed of the excused or unexcused absences.
- Students should be absent no more than 4 days per quarter without a doctor’s excuse or prior approval. Students who miss more than 16 days per school year, may fail all of their subjects and be retained in the same grade.

Vacation Policy

Absences from school due to family vacations are discouraged; however, we realize there are times when these situations support our commitment to family relationships. The classroom teacher and school office should be notified as soon as possible when a vacation is planned. It is the parents/guardians responsibility to ensure missed school work is made up.

Becoming ill at School

If your child becomes ill at school, he/she will be asked to report to the school office, Body temperature will be determined with an aural (ear) thermometer.

- If the body temperature is less than 99.4°F, the child will be asked to lie down and his/her condition will be re-evaluated in a few minutes.
- If the temperature is above 99.4°F and other symptoms exist – i.e. sore throat, rash, stomach upset, or if the temperature is above 100°F – parents or authorized persons as listed on the child’s *Emergency Medical Form* will be contacted to pick-up the student from school.

Emergency Medical Forms

An *Emergency Medical Form* will be sent home with each student at the beginning of the school year. This form specifies who may be contacted in the event of an emergency, and other relevant medical information. This form **must** be completed, returned, and kept on file in the principal's office. This form will permit a doctor/dentist to give medical attention to students in the event parents cannot be contacted. Please notify the school office immediately if any information changes.

Medication Policy

Our policy is not meant to make things more difficult for you but to ensure that we are maintaining safe health care procedures throughout our school. We understand that certain situations require medication to be given at school. Procedures for Non-Prescription and Prescription Medications are listed below. We follow the guidelines of the Diocese of Toledo Catholic Youth & School Services and the State of Ohio Revised Code.

Non-prescription medications

- School staff will not routinely administer any non-prescription medications to students. We strongly encourage you to give all medications to your child at home. Most non-prescription medications last up to 6 hours; this means your child can take the medication immediately before and after school. If your child needs non-prescription medication during school hours, a parent or legal guardian must bring in the medication and personally administer it to their child at recess or over the lunch hour. We will not store over-the-counter (non-prescription) medication at school.
- **Exceptions** to the Non-Prescription Medication Policy are students that suffer from on-going or long-term medical issues. An example is a child that has repeated migraine headaches and may need non-prescription medications without delay. If a medical protocol is followed for these students, we will make accommodations. Again, any special circumstances that require a student to receive non-prescription medications during school hours will need an authorization form (available in the school office) signed by a physician. Medication must be in the original container and a parent/legal guardian must bring it to the school office. You will also be contacted each time we need to follow these instructions.
- We keep basic pain relievers (Ibuprofen and Acetaminophen) in the office. We will no longer send home a "blanket" authorization to dispense pain relievers. If your child requests pain medication for a headache, etc., a parent or guardian will be called each time it is requested. If you cannot be reached, no medication will be given to your child. Please remember that the pain relievers we have at school are not intended to take the place of medications your child may need at home. If you know your child needs pain relief for an existing condition, please administer the medication at home.

Prescription Medications

- If your child is prescribed a medication that needs be taken during the school day, a signed physician's authorization form **MUST** be brought to the school office with each prescription. Forms are available in the school office. Prescription medication must be in the labeled container with the label matching instructions from the physician - the pharmacy can provide an extra bottle. A parent or legal guardian must bring the medication to the school office. State law requires that we receive authorization forms **FOR ALL PRESCRIPTION MEDICATIONS**.
- If you prefer not to have the physician complete a form for each prescription, you may bring the medication to the school and personally administer it to your child during recess or over the lunch hour. School staff will not administer any prescription medication without proper physician authorization form. A prescription bottle will not be accepted in place of the proper form.
- Physician authorizations are also needed for inhalers for asthma, bee sting kits, epi-pens for allergies, and insulin for diabetic students. However, long-term prescription medication such as these may have a "blanket" authorization for the school-year. These full-year authorizations must be re-submitted each year. A parent or legal guardian must bring any prescription medications to the office.

Cough Drops/Throat Lozenges

- Cough drops will be available in the school office. The school will maintain a supply of Hall's brand type (or generic) cough drops. With teacher permission, a student may come to the office to get a cough drop as needed. Please do not send cough drops to the school with your child.

Students are not permitted to carry or keep any prescription or non-prescription medications with them. Any exceptions (epi-pens or inhalers) require a physician's authorization and approval by school administration.

The School staff reserves the right not to administer any type of medication if they do not feel comfortable in doing so. If this is the case, arrangements will need to be made by the parent/guardian to administer the medication at the necessary time.

The School staff is not permitted to administer any type of narcotic to a student – Examples: Oxycontin, Vicodin, Tylenol with codeine, ect.

Injuries at School

You will be notified of any serious situations where emergency treatment is needed for an injury. School personnel will clean, apply antibiotic ointment, and apply a bandage as needed to any minor cuts/scratches. If you do not want antibiotic ointment applied or if your child is allergic to latex, please notify the school office at the beginning of the school year.

Immunizations

State law requires all students to have proper immunizations. A copy of the Ohio Department of Health immunization requirements is available on the ODH website.

The minimum requirements for pupils enrolling in non-public and public school are:

1. Five doses of DPT (or TD vaccine or a combination of these)
2. Four doses of Trivalent Oral Polio Vaccine
3. An MMR immunization must be given after one year of age
4. A second MMR immunization is required before entering Kindergarten
5. A TDAP immunization is required to enter seventh grade.
6. Varicella – 2 shots by Kindergarten

Birth Verification, Social Security Number, and Guardianship

The school needs birth certificates, social security numbers, and guardianship papers on all students entering for the first time. Any changes in guardianship should be reported to the office immediately.

Tardy Policy

The tardy bell rings at 8:25 am. Students who arrive after that bell (unless it is bus related) will be counted tardy.

- An excused tardy is when a student arrives late because of a doctor or dentist appointment. Please bring an excuse slip from the doctor or dentist if arriving late.
- Unexcused situations include avoidable instances – i.e. over-sleeping, etc.

Parents will be notified after 3 unexcused instances; the county truancy officer will be contacted after 6 unexcused instances.

Notes from parents or guardian

Parents or guardian are required to provide a written note to the school for the following reasons:

- Any planned absence.
- Bus and/or transportation changes.
- A request to not participate in physical education (approval by teacher and/or administration).
- Early dismissal.
- Notes for children to stay in at recess due to illness are not accepted. If a child is too ill to go outside, they should not come to school.

Perfect Attendance

Perfect Attendance awards will be given to only those students who are in attendance everyday and all day. A student may not be absent for any reason (including short appointments) to be eligible for a perfect attendance award. This award is presented in the classroom, not at the end-of-the-year award ceremony. Please remember that your child's well-being and the well-being of their classmates are more important than receiving this award. If your child is sick, please do not send them to school.

Personal articles and contagious situations

Please identify all personal articles of clothing with an indelible marker. Remember, many of our uniform clothing items are identical. If lost, they can only be returned if we know to whom they belong. We strongly discourage the sharing of clothing and personal grooming for both sanitary and management reasons. If head lice, ring-worm, or similar contagious situations are identified; we will follow the advice of the Van Wert County Health Department. A copy of current head lice procedures is in the school office.

Emergency School Closings

Delays or cancellations are determined by the Van Wert City Schools' Superintendent. In case of any calendar changes, you will be notified as soon as possible. Emergency School closings, delays and early dismissals coincide with the *Van Wert City Schools*. Delays or closings will be announced as follows:

- WERT Radio 1220 A.M.,
- vwindependent.com,
- area television stations,
- and on the web at www.vanwertcougars.net under school and sports delay info.
- You may register at www.vanwertcougars.net to receive text messages about delays or cancellations.

Please tune to the radio or television if you suspect there is a reason for a delay, cancellation, or early dismissal.

****Note that in an event of a three-hour delay at the start of the school day, we will still dismiss at 3:05 as usual.****

Students also perform better at school when they get exercise during the day. Precipitation, temperature, wind chill, wind speed, and other factors will be considered in the decision to take students outside. Below is our policy for recess due to outdoor temperature:

Outdoor Recess

If the temperature is 20 degrees or above and the wind chill is 15 degrees or above, recess is outdoors.

Brief Outdoor Recess

If the wind chill is between 5 and 15 degrees, regardless of temperature, then a brief outdoor recess is held.

Inside Recess

If the temperature is less than 20 degrees and the wind chill is less than 5 degrees, then recess will be indoors.

Indoor Recess / Morning Latchkey Rules for in the Gymnasium

Due to the number of students, the location of the lunch tables, and other school or church items in the gymnasium the following activities have been approved to take place during indoor recess and morning latchkey. These rules have been established to ensure the safest playing environment possible for our students.

Approved Indoor Recess / Morning Latchkey Activities are as follows:

- “Kick and Catch” – (NO THROWING)

- Board games/ Reading/ Card games/ Arts and Crafts

Once a game has been started in an area of the gymnasium, students who are not participating in that game should stay out of that area.

Homework

Homework can be an important component of education; homework will be assigned for your child from time to time. The purpose of homework may include the following:

- Practice skills and reinforce information learned in the classroom,
- Encourage the child to make real-life application of skills and information learned in the Classroom,
- Introduce new topics,
- Review and practice skills and information for the purpose of evaluation, and
- Provide opportunity for parents to become part of the classroom instruction.

Homework is not to be used as a means of punishment or for “busy work.”

Parents are encouraged to supervise and show interest in, but not to do the child’s homework. Students are expected to do all homework assigned.

An absent student will be given the number of days absent to make up work missed in school. For example, 3 days absent will allow 3 days to make up missed work. Work not made up in that time the student will result in a no credit for that work.

Students in grades 2-6 will be permitted one late or missing assignment per month; more will result in a detention. If a family situation the night before prevents your child/children from completing an assignment, a written explanation from the parent is required. Students may not call home to request this written explanation.

Detentions

Detentions may be assigned for missing or late homework as described above. They may also be assigned for disciplinary reasons. Detentions may take place either during the noon recess or after school and are at the assigning teacher’s discretion. If the detention is to take place after school, parents will be informed. Detentions should be served on the day of offense.

Fines and Fees

Library fines, lunch charges, tuition, and other charges must be paid or grade cards may be held. **Grade transcripts will not be forwarded to another school until all fees are paid.**

Preparation for the Sacraments of Reconciliation and Eucharist

Catholic students of the appropriate age will have opportunity to participate in the Sacrament of Reconciliation and the Sacrament of the Eucharist. Meetings to help parents prepare their child prepare for these important sacraments will be scheduled. These Sacraments are also covered in the classroom religion curriculum. It is important that every student maintains an up-to-date address and telephone number record at the school office. If you have a change of address or telephone number, please notify the office.

Transfers

All records will be forwarded to the new school as soon as the parent/guardian signs the release forms and the balance of any tuition, lunch, milk, and book fees have been paid.

Forgotten homework assignments, forgotten gym clothes, or arrangements for a friend to stay overnight are not emergency situations. Student use of cell phones is not permitted between the hours of 8:25 – 3:05.

Disaster Drills

Established procedures are in place for possible disasters – fire, tornado, lock down when the security of our students is threatened, and rapid dismissal when the building becomes unsafe. Students will be instructed in these procedures and they will be practiced in disaster drills as required by law. Copies of these procedures are available in the school office.

Field Trips

Field trips are meant to be educational and to enhance the curriculum. They are determined appropriate by the teacher and approved by the principal. Permission slips are required to be signed by a parent or guardian for each trip. Inappropriate classroom/school behavior can be cause for a child to be denied the privilege of a field trip. If there is a cost involved in the trip, parents will be told in advance. Parents who accompany a class are asked to assist in supervision.

Student Dismissal Procedure Following a Field Trip

If the students have returned to school before the end of the regular school day and are staying until the end of the regular school day then they will follow the regular dismissal schedule.

The following procedures are to be followed any time students are returning from a field trip and their dismissal doesn't correspond with the dismissal of the regular school day.

1. All students are to return to the teacher's classroom for an attendance check.
2. All students are to remain in the classroom until the appropriate parent or guardian for that student has come to the room to get the student.

Student Conduct Code

Discipline Policy for St. Mary's Elementary School

Discipline is a major part of every school. Since the parents are the primary educators of their children, it should be stated that neither the Faculty nor Staff of St. Mary's School can assume responsibility for providing the child with all the discipline which is necessary to foster the spiritual and moral growth of the child. We are here to assist the parents in this important task.

The general Christian principles guiding behavior will serve for the students' relationships with their teachers and fellow students. We expect students, therefore, to speak politely and in a respectful tone; to be honest; to be sincere in their treatment of teachers and fellow students; and to respect others, their property, and that of the school.

In all of our actions dealing with students, faculty members, priests, parents, and anyone else involved, the overriding virtue binding all of us together should be a genuine *LOVE*, *CONCERN*, and *REVERENCE* for one another. We are in the truest sense, members of a Christian Community.

Therefore, a student who demonstrates a lack of concern for others will hinder the growth of the community, and consequently, will have to be corrected in the name of the community. Such correction may take the form of a helpful word of advice, a reminder, a classroom penalty, or another similar type of discipline. In more serious matters, it might be necessary to issue a detention, or to place the student under suspension for one or more days. In extreme cases, the school authorities may be forced to expel a student. In instances of a more serious nature, parents will receive a call from the teacher or the principal. A meeting between the teacher and the parents may be necessary at times.

It must be remembered that the teacher is in charge of the classroom at all times. However, parents who feel that a grave injustice has been done to their child should contact the teacher involved for a full and open discussion of the incident. As you begin the school year here at St. Mary's, consider the following points if and/or when your child is involved in some unhappy incident at school.

- The school is FOR CHILDREN, not AGAINST THEM. Even when we are wrong in our judgment, our goodwill toward you and your children should not be questioned. Children, even usually very good children, can and do misbehave occasionally and need correction. Teachers, even very dedicated and patient ones, can and do have bad days, just like parents, when their patience is limited and their emotional control imperfect. No judgment on an incident should be made solely on the basis of the child's report. Endeavor to establish the facts from both sides before deciding whether parental intervention is desirable. Remember that there are times when this intervention might not be the best thing. Don't give your child the opportunity to pit parent against teacher, as this will simply insure the failure of the teacher's legitimate efforts to maintain and enforce discipline when needed. The teacher is your ally, quite as much as the pediatrician who, at times, must prescribe treatment your child does not enjoy. Keep your sense of proportion.

Don't exaggerate the importance of routine minor mishaps. They are quite normal and are usually not too serious. They can be real learning experiences for all concerned. Try to remember that your child is not the only one that a teacher must be concerned about. It is not fair to ask for the kind of special treatment that would penalize or handicap other children.

Grant all teachers the kind of courtesy and respect that their position deserves. You have entrusted them with your most valued possession. Work with them to make the year a truly successful one. You can certainly realize that normal healthy student behavior is to be expected at all times. Each child is expected to conduct himself/herself in a manner that will be a credit to the Church, to the school, and to you, the parents. Since the ideal is something after which to strive, it is necessary to have certain rules of conduct which would apply to almost any school of our size.

Anti-Hazing Policy

Hazing is doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen the prohibition contained in this policy.

It is the policy of St. Mary's School that hazing activities are inconsistent with the educational process and shall be prohibited at all times. No administrator, faculty member, or other employee of the school district shall encourage, permit, condone, or tolerate any hazing activities. No student shall plan, encourage, or engage in any hazing.

Administrators, faculty members, and all other employees of the school district shall be particularly alert to possible situations, circumstances, or events which might include hazing. If hazing or planned hazing is discovered, involved students shall be informed by the discovering school employee of the prohibition contained in the policy and shall be required to end all hazing activities immediately. All hazing incidents shall be reported immediately to the principal.

Sexual Harassment Policy

St. Mary's School is committed to eliminating and preventing sexual harassment from school. Sexual harassment is immoral, improper, illegal, and will not be tolerated. Ohio and Federal laws define sexual harassment as unwanted sexual advances, or unwanted visual, verbal, or physical conduct of a sexual nature. Such offensive behavior includes, but is not limited to the following:

- Unwanted sexual advances, including propositioning, repeatedly asking someone out for a date after it is clear that the person is not interested.
- Explicitly or implicitly offering employment benefits in exchange for sexual favors.
- Making or threatening reprisals after a negative response to sexual advances.
- Non-verbal conduct: leering; making sexual gestures; displaying sexually suggestive objects, pictures, cartoons, or posters.

- Verbal conduct: making or using derogatory comments, epithets, slurs, or jokes; making sexually based remarks about another person's or one's own body.
- Verbal abuse of sexual nature, graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, suggestive or obscene letters, notes or invitations.
- Physical contact; touching, assault, impeding or blocking movement.

This sexual harassment policy is intended to protect against sexual harassment before it becomes actionable sexual harassment. The term "sexual harassment" is intended to mean sexual harassment in the broadest meaning of that term in current popular as well as legal usage. When unwelcome activities described above or milder nature occurs, the best thing to do is to say that you are uncomfortable with the behavior and ask that it cease. If the behavior does not cease, the recourse for students should be through the classroom teacher or school principal.

Counterfeit Drugs

A counterfeit controlled substance is defined as:

- Any drug that bears, or whose container or label bears a trade name, or other identifying mark used without authorization of the owner or rights to such trademark, trade name or identifying mark;
- Any unmarked or unlabeled substance that is represented to be a controlled substance manufactured, processed, packed, or distributed by a person other than the person that manufactured, processed, packed or distributed it;
- Any substance that is represented to be a controlled substance but is not a controlled substance or is a different controlled substance;
- Any substance other than a controlled substance that a reasonable person would believe to be a controlled substance because of its similarity in shape, size, and color, or its markings, labeling, packaging, distribution, or the price for which it is offered for sale.

No student:

- shall knowingly possess any counterfeit controlled substance, nor shall any student knowingly make, sell, offer to sell, give, package, or deliver a counterfeit controlled substance.
- shall directly or indirectly represent a counterfeit controlled substance as a controlled substance by describing, either with words or conduct, its effects as being the same or similar to the physical or mental effects associated with use of a controlled substance.
- shall directly or indirectly falsely represent a counterfeit controlled substance as a controlled substance.

Suspensions

The principal has the right to suspend a student. No suspensions are to exceed ten days. The principal will give written notice of the intention to suspend and the reason for suspension to the student's parents or guardian. The student, parent, or guardian have an opportunity to appear at an informal hearing before the principal. The hearing may take place immediately. Within 24 hours of the suspension, the pastor/superintendent of the school will be informed in writing as to the suspension and the reasons. In-school suspensions permit the student to do assigned work and receive credit for the work. Out-of-school suspensions result in zero credit for the days missed. The student is not permitted to participate in or attend school functions.

Expulsions

The principal may expel. The principal must give the student and parents, or guardian written notice of the intended expulsion. The student and parent or guardian have an opportunity to appear at an informal hearing before the principal. The hearing may take place immediately. Within 24 hours of the expulsion, the pastor/superintendent of the school will be informed in writing as to the expulsion and the reasons.

Chain of Command

In the event that a problem arises at school, the following procedure should ordinarily be followed:

- Discuss the problem with the teacher's concerned. Many problems are resolved at this level. Please make an appointment, rather than dropping in unannounced.
- If you have approached the teacher (s) and are not satisfied with the results, you may wish to make an appointment with the principal and discuss the problem.
- In the event that dissatisfaction is still evident, the problem may be presented to the School Council for consideration. The procedure would be to call the President of the School Council and ask that your concern be put on the agenda of the next meeting.

- If you still feel that the problem has not been adequately resolved, you may present the problem to the Pastor for his consideration.

Volunteers

St. Mary's relies heavily on the help of volunteers. Help is needed in the areas of reading, math, computers, before-school, and cafeteria and playground supervision. Contact the school office if you are interested in helping us out.

Parent Service Committees

The parents of St. Mary's students assists in many activities during the school year such as: Fall Fund Raiser, Box Top for Education, Bread and Bowl, Reverse Raffle, Parish Benefit Auction, Fun Day, Christmas Workshop, Staff Appreciation Week, and the Peony Days Float. The proceeds from all events go to benefit school activities and to purchase supplies.

St. Mary's School Bingo

Bingo generates a considerable amount of revenue for the St. Mary's School this year. This money is critical in maintaining the quality educational program at St. Mary's School. Workers to staff Bingo on Thursday and Sunday evenings are essential. Your help is expected.

Asbestos Notification Policy

As required by law we are informing you that our school building does contain asbestos. During our school renovation in 1998, most of the asbestos containing materials were removed. Floor tiles in the kitchen and speech room contain asbestos materials. These are monitored on a regular basis as required by AHERA regulations. An Asbestos Management Plan is available for your review.

our school by requiring your child to follow these policies and procedures during those times he/she is in our school or involved with any related school activities.

We also ask for your support of our school through your involvement in fundraising activities – it is through these that we are able to keep tuition at a minimum.

Your daily prayers for our students, staff, and administration are also needed. We believe there is a purpose for each and every child to be here. It is only through prayer and the intercession of the Blessed Mother, our patroness, that we will fulfill that purpose.

Thank you and God bless,

Mr. Daniel Metzger
Principal-Minister
