## Immaculate Conception School News

The students have been very busy this week. The 5th - 8th grade students are learning how electricity works by making a lightbulb. They also held a MINI Science demonstration on static electricity for the school. Emersyn Schroeder won the drawing contest sponsored by People's Bank. Her drawing may be selected to be placed on a debit card. Congratulations Emersyn! The Student Council sponsored their Annual Candy Gram. Students purchased a Candy Gram to be sent to a friend, teacher or staff member. This was a wonderful way of teaching about friendships.

### ECLC Happenings

The children are beginning to be the masters of science even at their young age. This week they learned how to turn an egg into rubber. They could bounce the egg but still break it open to reveal that the inside was still raw. They also made an owl out of heart shapes. The Preschool children are growing in leaps and bounds physically and academically. They are learning letters and that letters make words, words make sentences, sentences make paragraphs and paragraphs make a story.

**IC Scrip Program** - Whenever you purchase a gift card from the IC School Scrip Program, the school receives a percentage of the purchase price. The percentage will vary from one company to another. There are a few ways to obtain the cards. **You may go on line to [www.ShopWithScrip.com](http://www.ShopWithScrip.com) Enrollment code: 676419AC74L7, purchase them at the school office or after Masses on the first full weekend of the month.
