

# RIO DE JANIERO PLEIADES STAR MAP II

The purpose of this illustration is to show that the financial center of the famous and very beautiful city of *Rio de Janeiro* is configured to the *Cydonia, Mars* Pleiades pyramid complex. Such landmarks had been also incorporated in ancient centers of worship as they are evidently now as well in the modern era. This Pleiades alignment is mainly construed from public squares or *Praças* in Portuguese. *Rio da Janeiro* means the River of January as that is when the explorers found the bay. In this modern rendition of the *Martian Pleiades* motif, the prominent star is that of *Mars*. This correlates to the *Catedral Metropolitana*. It has a very unique design. This Pleiadian alignment in the heart of Rio is part of the 3 main structures that constitute the entire *Cydonia, Mars* complex. It is connected by a hexagonal ley-line configuration to the *Maracana* soccer stadium and the *Gávea Hippodrome*.

**Praça da Republica**

It is evident that those in power of the ruling classes of the various nations of the world all have this common construct that is incorporated into their world capitals. The *Cydonia, Mars* template seems to be the same and perhaps suggesting that at one time, Earth was very connected to Mars in many ways. Some believe that before the creation of the human race starting with Adam and Eve in the *Garden of Eden*, there existed a *pre-Adamic Age* and civilization where travel and direct communication between planets occurs. Now whether these beings were either Angles, good and/or evil or some other life form remains to be determined.

**THE PLEIADES**  
The 7 Daughters of Atlas

**Praça Tiradentes**

It is evident though that the pre-Flood civilization on Earth at least those that survived still had and currently have a reverence for such a *Martian* construct that they go to such lengths as to encrypt the centers of worship, finance and social gatherings with this *Martian* motif.

**Praça Estudante**

**Teatro Municipal**

**Catedral Metropolitana**

**Praça Gandhi**

**Praça Cardeal**

**Praça Monroe**
