Part-time Positions Available
Assessor: Computer Science Certification Program

Milwaukee Teacher Education Center (MTEC), a DPI-authorized alternative teacher license program, is seeking qualified individuals to work as Evaluators/Assessors for its new Computer Science teacher license program.

Minimum qualifications include:

- Wisconsin DPI administrator license or teaching license for mathematics (1400) and/or Computer Science (1405)
- At least 5 years of successful experience teaching at the middle or high school level
- Understanding of diverse student populations and inquiry-based approaches to learning
- Ability to organize, maintain essential documents, and meet deadlines
- Ability to use technology to access documents and communicate with mentees and other colleagues
- Master's Degree preferred, but not required

Responsibilities include:

- Conduct formal observations of teacher candidates
- Evaluate teacher candidates' performance
- Provide recommendations for continuous growth of teacher candidates
- Submit written reports
- Attend periodic training and professional development sessions

Please submit letter of inquiry and resume to:
