

Belle goes **4G LTE**

Introducing the reimagined Belle®, certified on the Verizon 4G LTE network!

This next generation of Belle works at home and away, offering the same beloved market-leading 30-day battery life that currently wows our dealers and customers.

It provides users with the same quick access to our expertly efficient and compassionate emergency care specialists at our UL-Listed, TMA Five Diamond Certified central station.

Specialists can speak with users with two-way voice, locate them with WiFi location services, and send emergency personnel or loved ones to assist, depending on need.

What's new with Belle mobile medical alert?

4G LTE

Certified on the Verizon network

smallest Belle ever

Smaller than ever and 15% lighter than the previous Belle, plus it is rated IP67 for increased water-resistance

circular light

The new LED around the button lets users know when a call is in progress and when the pendant needs to be charged

battery status button

Press anytime for a real-time battery level update

updated cradle

Smaller and designed for easier charging

belt clip

Interchangeable with the new lanyard for easier wearing and carrying
