

Basic Electricity for HVAC Technicians

August 11 at JOMAR in Framingham, MA

August 23 at JOMAR in Taunton, MA

\$385.00 per student

8:00AM – 4:30PM

Instructor: Bruce Marshall

A complete course in basic electrical wiring, controls and advanced troubleshooting.

The course was designed for electricians, heating technicians and plumbers to master the knowledge and professional skills to work on and diagnose the state-of-the art heating control systems now in the field!

This course will review the fundamentals of electricity, wiring and control systems and move on to the most advanced and complex control systems entering the field for the control of hot water, steam and warm air systems.

Students receive a book, lunch and breaks as part of class.
