WHY?

CHOOSE AMBIT

Based on new laws, you get to choose a new electric/gas provider. If you don't choose, then they will choose one for you, and it will not be the cheapest!

Ambit rates are highly competitive, with no catch, unlike most other suppliers.

Look at our benefits below

- 1) Excellent rates - no contract, with a **GUARANTEED** savings over your incumbent provider! (residential)
- 2) No early termination fees if you leave.
- 3) No cost to switch. You receive the same bill you get now, just your rate will typically be lower!
- 4) Earn travel reward points every time you pay your bill.
- 5) Free 3 day/2 night hotel stay just for choosing Ambit! No-catch!
- 6) Your own website to watch the rates and monthly usage and travel points.
- 7) An Ambit Consultant, who can help you with anything you need, any time.
- 8) The ability to Earn **FREE ENERGY** by referring others to Ambit Energy!

WHY MUST WE CHOOSE A NEW ELECTRIC/GAS SUPPLIER?

Due to government mandated de-regulation, utility companies were given a choice of generating electricity and gas, or delivering it to the customers.

The utility companies chose to deliver it.

So, if you don't choose who your supplier will be, then they choose for you. Of course, they will choose the supplier that makes the most sense for them, which may not be the best choice for your family!

HOW DOES IT WORK?

Nothing changes for you!
You get the same bill as you do now, just with a new supplier.

Your electric/gas supplier still handles everything, including repair issues.

No cost to switch, just complete a 5 minute on-line web page form.

No contract or early termination fee, but we **GUARANTEE** a minimum savings over a 12 month period (residential). You can switch rates or suppliers anytime, at no cost!!!

We handle residential and small commercial accounts.
