BOATING SAFETY TIPS FOR CHILDREN

Always have your children wear a U.S. Coast Guard approved flotation device (PFD) while on boats, around open bodies of water or participating in water sports.

Remember that water wings, noodles and other swimming aids are fun toys for kids but should never be used in place of approved PFDs.

Explain basic boat rules and have everyone follow them. Children need to understand and follow rules such as keeping their hands and feet inside the boat at all times and never run on a boat.

Every child is different, so enroll children in swimming lessons when you feel they are ready.

Teach children that swimming in open water is not the same as swimming in a pool. They need to be aware of uneven surfaces, currents, weeds and changing weather. Adult supervisions are a must.

Let your teen operate a boat only in a supervised setting and in adherence to laws on Lake Como. Laws regarding the operation of a boat or watercraft vary from community to community.

Spending time with friends on the lake is a favorite summer activity. Following the above precautions will help ensure you and your children have a safe boating season. The Town of Geneva Police department encourages everyone to enjoy Lake Como and practice safe boating. Their boat patrol officer is available to answer any questions that you may have and to ensure a safe boating season for all.

LAKE COMO BEACH WOMEN'S CLUB

The Lake Como Beach Women's Club ("LCBWC") participates in many activities along with the LCBPOA and contributes to many different projects being accomplished by the Association.

The Women's Club is open to all women who would like to join. Dues are \$15.00 per year. Monthly meetings are held the 4th Tuesday of the month (March through November).

The Women's Club hosts Cards & Bunco every 2nd and 4th Wednesday of the month (March through November) from Noon to 3:00 p.m. Cake and coffee are served. Open to the public.

The Women's club would like to invite your daughter(s) to join their new group of Junior Members. This program is designed to introduce the young ladies of our area to community service. The Junior Women's Club is open to all girls 10 and up. They plan to meet once a month on a Saturday for 1-2 hours. The girls will be chaperoned and mentored by the members of the Women's Club. All of the projects will be short term (usually 1 day). Please call or email us if your daughter(s) would like to participate. Parents are always welcome! The group is open to all girls no matter where they live.
