## NATIONAL PASTIME - Next Generation+ -- 1965 Card Set

The top 8 (Senior Circuit) or 9 (Junior Circuit) players listed are those players who played the most at each position of any other players on the team. These players are listed in a suggested batting lineup order.

The next section of names on each team are the starting pitchers listed by batters faced (descending order).

The next section are relievers. Usually the "closer" is listed first and then other relievers by batters faced (descending order).

The last section of player names is made of mostly of position players but at times will include a pitcher or two that had a large number of batters faced. Also, one position player may be chosen over another player who may have had more appearances simply because a backup was needed at another fielding position.

At times you may notice that the same player is included with more than one team. This may occur because the player ranked in the top twenty five players for both teams. Each player is carded for each team played for during the season. And, the player is rated based, of course, on the stats accumulated while playing for the team for which the card is created.

### Special Base Stealing in this set:

**Chico Ruiz (Cin - SC)**

**Nate Oliver (LA - SC)**

**Jim Beauchamp (Mil – SC)**

**George Spriggs (Pit – SC)**

### Special Base Stealing Instructions

For the above player(s) ONLY, the manager must call the **base stealing attempt**. Roll the dice and using the player card under the line "Special Base Stealing", determine whether the runner is safe or out. Use the same chances when attempting to steal second OR third.

The attempted steal of home is NOT allowed using this method.

If the runner is out and the attempt was at second, use the usual out scoring: If a right-handed batter (RHB), the caught stealing is scored **A-C PO-2B**; otherwise **A-C PO-SS**. If the caught stealing is at third, of course, the scoring would be **A-C PO-3B**.
