The Speech Path

Volume 1

August's Top Story

We are pleased to announce that we are launching a monthly newsletter, **The Path Post**! We have provided this newsletter for The Speech Path families but feel free to share with your friends. The newsletters will include the calendar of events, community resources, important facts, inspirational stories, up date news in the therapy and pediatric world, and the many fun happenings around town!

Meet the Owner

Kate Lewis was born in Nashville, GA. She enjoys reading, and cooking with her husband, 2 kids, and a dog.

She rode horses competitively, raises chickens, and is learning Spanish, too! Kate has a big heart for the kids at The Speech Path.

Inspire My Path

A 24 year old boy looking out from the train's window shouted, "Dad, look the trees are going behind!" Dad smiled and a young couple sitting nearby, looked at the 24 year old's childish behavior with pity. Suddenly, he again exclaimed, "Dad! Look the clouds are running with to us!" The couple couldn't resist and said to the Dad, "Why don't you take your son to a good doctor?" The dad smiled and said "I did, and we are just coming back from the hospital. He was blind from birth, and he just got his eyes today." Everyone has a story. Try not to judge people before you truly know them. The truth may surprise you. What is your story? Email your inspirational stories and it may be in our next newsletter!
