

We are pleased to announce that we received a special message from the North Pole today and our dear friend Santa has decided to come and visit the Bagdad Fire District on **Saturday December 22nd beginning at 0900!** He will be parking the sleigh and letting his reindeer play while he takes a ride on the fire truck!

**Parents have your babies ready to come out and say hey once you hear the sirens and the jolly laugh!!!! Please do not allow your babies to enter onto the roadway and keep the fur babies contained! Also please do not chase Santa in your vehicle because he may also be going with us to a call.**
