

HYDRO POWER PLANT OPERATIONS/MAINTENANCE

Columbia Basin Hydropower (CBHP) has an opening for a regular full-time hydro power plant operator/maintenance person. Primary work locations are the Summer Falls and Main Canal Power Plants in the Coulee City, Washington area. Successful candidate will work rotating shift work during operating season, March-October and straight dayshift during maintenance season, November-February. Competitive benefit package includes WA PERS Retirement and family health insurance. Starting hourly rate is dependent on qualifications. Power generation O/M experience preferred. Must have valid Washington driver's license. Interested applicants should view the CBHP website at www.cbhydropower.org and send resume outlining qualifications and list of three references to P.O. Box 219, Ephrata, WA 98823 or e-mail to info@cbhydropower.org by January 22, 2019.
