

**ASMG Italia Consultancy** - All the vital assistance for individuals, companies or dealers that require independent services for vehicle related matters to purchase with confidence from Italy.

**Pre-Purchase Inspection** service provides a detailed report and quality photographs covering documentation, ownership, body, mechanics and electrics for that added peace of mind.

**Vehicle Purchase Support & Management** is an involved activity that includes the negotiation for sale, all seller communications, the sales contract agreement documentation as required or dealer contracts amended as necessary, follow through the process in detail to ensure there are no irregularities whilst keeping you routinely informed of progress.

---

### **Motorsport**

The 2019 Peking to Paris Motor Challenge by the Endurance Rally Association in collaboration with HERO Events.

An epic 5 week navigation over 13500 kms across vast terrains from Peking (Beijing) in China to Paris in France. The challenge was demanding on both car preparation and personal stamina with crews enduring some long days, testing surfaces and regularly changing time zones and climates.

As part of the support team, and whilst there was work to do and clients to cater for, it will go down as an outstanding experience that anybody who has classic cars and travel in their blood should do at least once in their lives.

---

### **Happy Customer.**

"The truck was in great shape and was exactly as described. ASMG provided a personal level of service that was invaluable in the purchase of my Land Rover Defender. Alans knowledge of the Italian car market was extremely beneficial and helped to facilitate a smooth transaction. I look forward to working with ASMG again in the future" - Bryan, USA - Vehicle Purchase Support.

### **It's Project Time...**

...the 1971 De Tomaso Pantera takes a step closer to completion; rear end lifted to trial fit the rather complex exhaust hanging and alignment.  
Latest Land Rover Defender from the workshop, rebuilt and retaining its original blue is now shipped and making its way to the USA.
