

I am a sports and marketing events manager, and a recent graduate of an international sports administration and technology master's program in Lausanne, Switzerland. Combined with a Bachelor's of Recreation and Leisure Management from the University of Florida and over 15 years of international event, marketing and customer relationship management experience across numerous industries, I am a skilled professional who has a passion for sports and culture with a strong strategic business acumen. Career highlights include stops at the 2017 World Rowing Championships as an Operations Director, the 2002 Winter Olympic Games as a Venue Logistics Manager, and various projects with the International Olympic Committee regarding the Evolution of an OCOG over the Lifespan of an Olympic Project, the United States Olympic Committee and the German Olympic Committee Team Processing for the 2014 and 2018 Winter Olympic Games, SportAccord Convention and International Federations Forum. I also spent several years in marketing and events for Octagon Marketing, ABBYY Europe GmbH and Allianz. I grew up in St. Augustine, Florida, but thanks to more than a decade of living, working and studying overseas in Australia and Europe, I consider myself a global citizen.
