

3. BONNIE TURNER – Spool Sampler Quilt

Rainbow Spools Quilt

This is a very scrappy quilt that was designed by all the shops participating in the Quilter's Quest Shop Hop 2018. We hope you will enjoy this quilt as much as we did designing it.

Each Spool Block is 12 1/2" unfinished. The center sampler block measures 9 1/2". My suggestion is to bring 1 yard of background fabric. It may or may not be used in every block. That will depend on where you decide to use it.

None of the blocks use large pieces of fabric so bring a small variety for 2 or 3 blocks Fat quarters work really well!

I used batiks with a white background for a bright happy quilt. Sewing machine in good working order with manual (just incase). Basic sewing supplies.

Medium size rotary mat - large enough for a 13" square

Rotary cutter

12 1/2" square ruler

Pattern required - it may be helpful to have prior to class.

You can order it from Log Cabin Fabrics
