

HORSEMANSHIP CLINIC

RUDY HORSEMANSHIP AT WILD DREAMS FARM, NOTTINGHAM, PA

8AM - 4PM — MAY 13-14, 2017 (RAIN DATE MAY 20-21, 2017)

2 CLASSES: FOUNDATION HORSEMANSHIP AM AND HORSEMANSHIP PM

Whether you ride english or western, on the trails or in the show ring, we can help you gain confidence, increase communication with your horse, and refine and soften your aids. All levels and disciplines welcome. If you are new to this style of horsemanship, we can stick to the basics. For those who have been on this journey, we can help you to take the next step and start to refine.

8:00-11:30: In the **Foundation Horsemanship** class, we start on the ground, working on the hindquarters, getting to the horses feet and starting to develop softness. By the 2nd day, we will progress and transfer what we accomplished on the ground into the saddle.

12:30-4:00: In the **Horsemanship** class, we will work under saddle softening our communication and aids as we start to help the horse to find softness in the bit and hold it through the top line down to his feet.
