

# Our Dragonfly Classroom

## Pre-Kindergarten

**Our Pre-Kindergarten class is just what your child needs to get ready for their big move into Kindergarten! Everything we do in our class is a preparation for this move, so your child will be ahead of the game! Pre-Kindergarten is really where your child masters the skills necessary to succeed in elementary school and beyond. The Pre-k classroom teacher will focus on letters, sight words, phonics, numbers, and early science and math concepts. To stimulate and promote young imaginations and creativity, teachers have the children engage in arts and crafts, critical thinking, dramatic play, and storytelling!**
