

Telegrocers

YOUR SOURCE FOR PHONE ORDER GROCERIES

1. Get your list in order. Categorize items best you can. Don't worry, we will help you with that on your first order. Minimum order is \$60. Save your invoices from your delivered orders as a guide to categorizing your next order. This will help you with the ordering process. We like to keep the ordering process at 15-20 minutes or less, but we understand it may take a few times to get comfortable with the process.

2. Have your Credit Card or Debit Card. We will need it with your first order or any time there is a change. We do not accept cash or checks. If you do not have a debit card or credit card, we suggest talking with your bank or getting a prepaid debit card.

3. Delivery Time. Have an idea of when you want your delivery. Deliveries are normally within a day or two and have a timeframe of two (2) hours, i.e., 6:00am to 8:00am. We suggest two (2) days before you really need it and four (4) if it's a holiday week or there are impending weather issues as delivery times can fill up very quickly.

4. Make the Call. 1-888-902-7467. It's easy, don't worry. We will help you through the ordering process. Our hours are Monday through Friday, 8am to 3pm CST, 9 am to 4pm EST.
